VOLUME 47.

VICTORIA, B. C., WEDNESDAY, MAY 19, 1909.

NO. 114.

LEAPS TO DEATH FROM CHIPPEWA

MAN REPENTS, BUT TOO
LATE FOR RESCUE

Sinks Beneath Waves Before
the Steamer's Boat
Reaches Him.

(Times Leased Wire.)
Seattle Wash., May 19.—Repenting too late his intention to commit suicide in the chilly water of Puget Sound, Oille Corbin, of Port Townsend, was drowned last night despite the efforts of a boat crew of the steamer Chipewa, from which a man had leaped to rescue him.

The suicide furnished a thrilling and dramatic incident of the Chipewa's daily run from Victoria, Corbin arrived at Port Townsend last Friday, penniless, and the police officials yesterday furnished him with a ticket to Seattle. He boarded the steamer and about 9 o'clock last night walked on the rail and without a word leaped into the water. The alarm was immediately given, the steamer's engines stopped and a lifeboat quickly lowered. Meanwhile Corbin was crying piteously for help. He succeeded in keeping himself afloat for some minutes, but just as the small boat neared him, Corbin sank into the dark depths and was not seen again.

Corbin has relatives in North Yakima and others in Montana. Beyond this nothing is known of the man here or at Port Townsend.

BIG JUMP IN LICENSE FEES

BRITISH LIQUOR
INTERESTS HARD HIT

Maximum Under New Budget
Regulations Will Be
\$37,500.

(Times Leased Wire.)
London, May 19.—British liquor interests have figured out that they are hit worse than they thought at first by Chancellor of the Exchequer Lloyd George's new budget. A dreadful outcry went up from them the moment the chancellor laid his proposals before the House of Commons. The full import of the situation did not burst upon them at once, however. It was thought the maximum license fee would be something like \$4,500—a very considerable advance over the old rate, considering that the latter never exceeded \$250. The British law does not charge a fixed price for liquor licenses, but graduates them according to assessed valuations. It took a few days to work out the effect of this system under the new budget regulations.

The liquor interests did the necessary ciphering and nearly swooned. The maximum will not be about \$1,500 at all, but \$37,500. The latter sum is what the Piccadilly hotel in London will have to pay for the privilege of running its bar after the budget proposals are enacted into law. It is not assessable value is \$150,000. If it were an ordinary saloon it would be charged half that amount for its license. As a hotel, however, the levy will be 25 per cent.

A few other heavy sufferers are the Carlton hotel, \$18,750; the Ritz, \$21,250; the Savoy, \$31,250; and the Waldorf, \$18,750.

WIRELESS TELEPHONES ON RAILWAY TRAINS

Union Pacific Company Has
Authorized Installation of
Equipment.

(Times Leased Wire.)
Omaha, Neb., May 19.—Officials in the offices of the Union Pacific railroad soon will be enabled to speak to operators, passengers aboard trains between this city and San Francisco by a wireless telephone system. Dr. Millener, the company's electrician, has been given authority to install the necessary equipment. He hopes to have the system in successful operation within two years. A copper wire will be laid along the track, this wire carrying the sound wave which will be picked up by instruments in the cars and offices. Sound waves will be sent over the wires by high frequency machines carried in the baggage cars of the trains. Power for these machines will be furnished by the locomotives.

THE DERBY BETTING.

London, May 19.—The probable starters in the Derby, to be run at Epsom Downs on May 25th, were announced to-day, and already it begins to look as though Sir Martin, Louis Wynn's horse, will go the post a 3 to 1 favorite. Sir Martin is by Ogden, and was bred by John E. Madden at Hamburg Place, Ky. Americans are backing him heavily. The betting on King Edward's Minoru opened up at 7 to 2.

HENRY H. ROGERS DIES SUDDENLY

OIL MAGNATE PASSES
AWAY FROM APOPLEXY

Was One of Leading Multi-
Millionaires of Rockefeller
Group.

(Times Leased Wire.)
New York, May 19.—Henry H. Rogers, one of the leading multi-millionaire financiers of the famous Rockefeller group, died this morning. It was not known that Rogers was ill, as he was at his office yesterday, and his death came as a shock to his business associates.

Apoplexy was announced as the cause of his death. He was stricken at 8:30 o'clock this morning and was unconscious for some time before his death. When he was stricken Mrs. Rogers summoned the servants, who called Dr. Fowler, the nearest physician, to the Rogers' home. The doctor responded to the call in his night clothes, but when he arrived he saw that there was no hope of saving the aged financier's life.

Rogers had been in poor health for several years, and in 1907 suffered a nervous collapse which resulted in a rumor that he had been stricken with paralysis. He retired for a time, and after regaining his health returned to his financial operations. Recently he appeared to be in better health than for several years, and for the past few weeks had abandoned the medical treatment which he had been taking constantly in the past.

Rogers recently withdrew from active connection with the Standard Oil Company, of which he was vice-president and director, as well as being one of the heaviest stockholders, and devoted his attention to the construction of the Virginia railroad from the coal fields to tidewater. After completing the road, which is one of the most remarkable ever built, Rogers returned to New York from Norfolk, and a month ago went to his summer home at Fairhaven, Mass. He rested there for a short time and then came here to resume his business affairs.

Rogers was 69 years of age, having been born in Fairhaven, Mass., in 1840. Fifty years ago he sold papers in New Bedford, Mass., and later began his business career as a clerk in his father's general store. His start toward wealth came when oil was discovered in Pennsylvania. He mounted rapidly to the top and was worth many millions of dollars at the time of his death.

Besides being vice-president of the Standard Oil Company, he was president of the Amalgamated Copper Company, National Transit Company, Richmond Light & Railway Company, New York Rapid Transit Company, National Fuel Gas Company, vice-president and trustee of the Anaconda Copper Mining Company, vice-president and director of the Brooklyn Union Gas Company, vice-president of the United Metal Selling Company, trustee of the Mutual Life Insurance Company and director of numerous companies, including the United States Steel Corporation, the Atchafalaya, Topeka (Concluded on page 16.)

MAN PERISHES IN CONFLAGRATION AT LILLE

Warehouse, Docks and Buildings
Destroyed—Loss
Heavy.

(Times Leased Wire.)
Lille, France, May 19.—A fire that broke out last night in a warehouse, destroyed docks and buildings with a loss estimated at close to \$1,500,000. One man was killed during the conflagration.

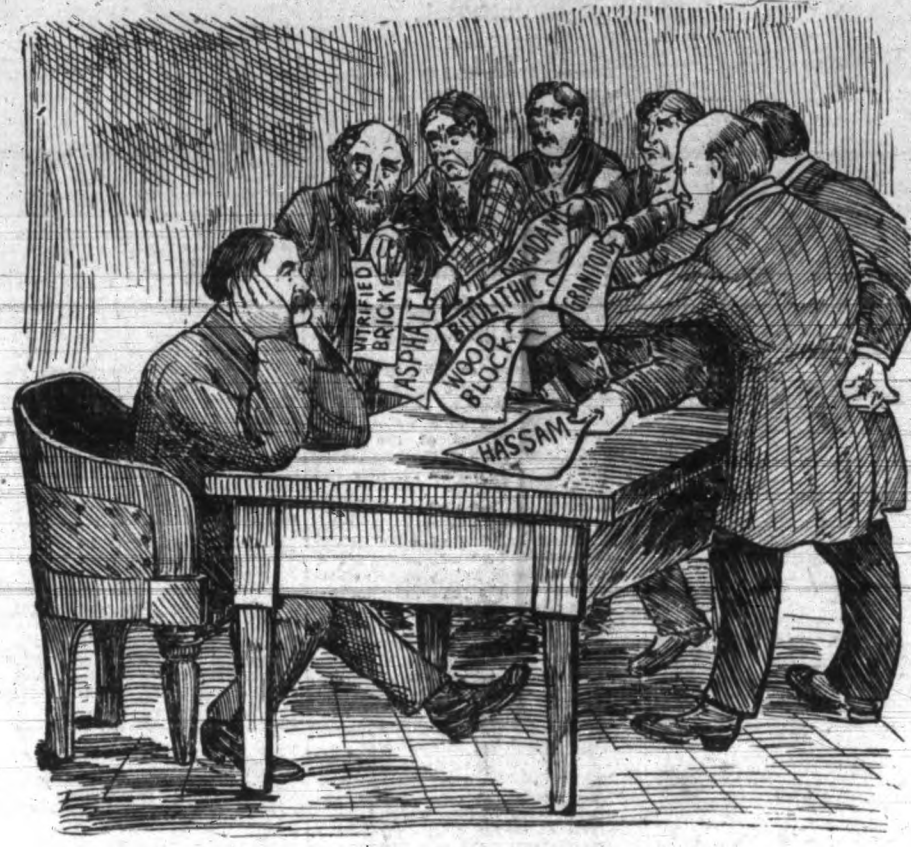

MOTHER SAVES LIFE OF CHILD.

Dives Into Canal and Rescues Her
Two-Year-Old Boy.

San Rafael, Cal., May 19.—That George, the 2 year old son of Mrs. G. V. Louis, of this city, is alive to-day is due to the courage and presence of mind of his mother. After a desperate struggle in the waters of the San Rafael canal, into which the baby fell, Mrs. Louis effected his rescue. The Louis family lived in an "ark" moored to the shore of the waterway. Yesterday while the baby was playing on the forward deck, he fell into the water. Without even removing her hat the terrified mother sprang after him, reaching the spot where he disappeared, dived repeatedly until she found his unconscious form. She swam with him to the ark, and single handed fought to resuscitate him. After an hour's work, the little fellow's senses returned, and Mrs. Louis fell in a swoon to the deck. She was found lying unconscious in her wet clothes with the baby sleeping beside her, by her husband when he returned from work.

DIES IN PENITENTIARY.

Kingston, May 19.—Edward Shufelt, convicted of burglary in Winnipeg, is dead in the insane ward of the penitentiary here. He was committed in July, 1905, to five years' imprisonment, and was transferred from Stoney Mountain in 1908. He was 20 years old, and death was due to internal trouble.

PERPLEXITIES OF THE PAVEMENT QUESTION.

SEEK TO CHANGE SUCCESSION LAW

YOUNG TURKS WILL
SUBMIT LEGISLATION

Propose to Place Servian Son
of Deceased Monarch
on Throne.

(Times Leased Wire.)
Constantinople, May 19.—If legislation favored by the Young Turks meets the approval of the parliament, the time-honored Turkish law of succession to the throne may be annulled. According to the present law, upon the death of the monarch, the crown goes to the senior descendant of the founder of the dynasty. This procedure almost invariably results in a raising to power of elderly or failing men. The Young Turks want young, energetic and virile rulers. They want the general law of succession that provides for the coronation of the senior sons of the former monarch. If this legislation is enacted before the death of the present sultan, which is deemed extremely possible, there is every probability that Mehemmed will be asked to seal the amendment with his approval and abdicate in favor of a prince of greater physical vigor, and more in touch with the ideas of the modern world.

LECTURERS ON CANADA.

Assistant Superintendent of Immigration
on Dominion as Field For
Investment.

London, May 19.—J. O. Smith, assistant superintendent of immigration for Canada, addressed the Royal Society of Arts yesterday on Canada, as a field for investment, laying stress on the tendency of British investors to seek only official issues, whilst United States capitalists had a clear field for industrialists. His excellent analytical paper was listened to by an influential audience, Lord Hindlip presiding.

ADVISES HARRIMAN TO TAKE A REST

Levi P. Morton, However, Says
Work is Necessary to His
Own Happiness.

(Times Leased Wire.)
New York, May 19.—That E. H. Harriman should cease active work and store up physical energy for the future, is the opinion of Levi P. Morton, who celebrated his 83rd birthday Sunday. Despite his advanced age, Morton is in this city attending to the routine duties at his office as usual. "Harriman is one of the most wonderful men in the world," said the statesman. "But he is 62 years old now, and he has accomplished enough to satisfy most men. He should slow up and take a rest. If he does not he may regret it some day." Morton stated, however, that his own work is necessary to his happiness. "Why," he said, "if I didn't keep busy I believe I would die. But I don't work all the time and I do about what I please."

WOMAN AVERTS RAILWAY WRECK

Finds Break in Track and
Warns Approaching Train
of Danger.

(Times Leased Wire.)
Pendleton, Ore., May 19.—Mrs. Peter Toft, wife of a rancher living at Echo, is to-day a real heroine, for it was due to her presence of mind that a disastrous train wreck was averted in this vicinity yesterday. While a freight train was approaching Echo at full speed Mrs. Toft discovered that a break in a ditch nearby had carried away a portion of the track on which the train was running. She seized a piece of cloth and ran in the direction of the approaching train. The manner in which she signalled convinced the engineer that something was wrong and he stopped his train within a few feet of the spot where he and his freeman might have been killed had it not been for Mrs. Toft. At least the loss to the railroad company would have been heavy.

ACTION AGAINST SEATTLE CONTRACTORS

First Suit for Damages as Result
of Accident in
Armory.

(Times Leased Wire.)
Seattle, Wash., May 19.—The first suit for damages as the result of the armory accident on May 6th, when 61 persons were injured by the giving way of a guard rail while witnessing an indoor track meet, has been filed. It is for \$25,000 and is brought by R. W. Murray, building contractor, as guardian for John V. Murray, his son, against Matthew Dow & Co., the contractors who erected the building. The complaint alleges that the building at the time of the accident, which by reason of faulty construction, caused the precipitation of three score people from the balcony to the floor below, had not been completed by the contractors. As grounds for the action, it is alleged that John V. Murray sustained injuries as the result of the accident which made an operation necessary to save his life, and which incapacitated him for all time.

POSTMEN ATTACKED BY ANGRY STRIKERS

(Times Leased Wire.)
Paris, May 19.—Recent developments in the strike have caused the defection of 150 diggers who walked out to-day. Two postmen were assaulted this afternoon by a mob of angry strikers. One of them was seriously injured. With the exception of several hundred men who were discharged unconditionally, practically all the original striking postmen and telegraphers have returned to their posts.

FIRE AT QUEBEC.

Quebec, May 19.—The engine room of the Dominion Immigration building here was destroyed by fire yesterday. The loss will be heavy.

FOR STUDY OF AERONAUTICS

INTEREST AWAKENED
IN GREAT BRITAIN

"Air Office" May Be Created
Under Army and Navy
Department.

(Times Leased Wire.)
London, May 19.—If plans favored by War Minister Haldane and other high officials carry, England soon will boast of an "air office." The recent British awakening to the advisability of aeronautic experiments is reaching into the war office, and Haldane and his associates are determined that England shall be brought from her present obscure position in the world of aeronautics to a plane worthy of her advancement in other lines.

The new "air office" theoretically will be committed to the joint supervision of the war and navy departments, but it is thought some qualified individual will be chosen to assume the responsibility of its head. Capt. R. H. S. Bacon, director general of ordnance and torpedoes, and Major Baden-Powell, of the balloon department of the Royal Engineers, are prominently mentioned for the post.

Haldane's theory is to combine the actual experiments with mathematical calculations and investigations of natural law. To accomplish this arrangement has been made for the use of the national physics laboratory at Teddington. Instruction is to develop with experimental work in the laboratory. Premier Asquith has already named a committee to superintend the Teddington experiments.

TRUST COMPANY'S RECORD DIVIDEND

Two Million Dollars to Be
Divided Among the Stock-
holders.

(Times Leased Wire.)
New York, May 19.—It is stated to-day that the dividend of \$2,000,000, declared by the Central Trust Company, is the largest recorded disbursement made by a trust company to its stockholders. The special dividend of \$200 a share was made payable June 15th, and to the stockholders of record June 1st. A special stockholders' meeting to consider the increase of the capital stock from \$1,000,000 to \$3,000,000 has been called for June 3rd. The new stock probably will be issued to prevent stockholders at \$100 a share. The Central Company began operations in 1875, and has distributed among its shareholders since that time \$13,555,000 exclusive of the dividend declared yesterday.

DOCK DESTROYED.

Kingston, Jamaica, May 19.—A fire on the wharf of the Hamburg-American line yesterday destroyed the entire dock and two-thirds of the cargo of the steamer Prinz Joachim, valued at \$72,000. The other damage is estimated at \$80,000.

"OUR ARMY A SHAM," SAYS LORD ROBERTS

Fighting "Bobs" Declares Leaders Are Lulling
British People Into False Sense of Security---
Danger Drawing Nearer Daily.

(Special to the Times.)
London, May 19.—"Our army is sham, we have no army," exclaimed Earl Roberts earnestly during a debate in the House of Lords yesterday upon the Duke of Bedford's motion for an inquiry into the condition of the reserves.

Lord Roberts, who is known to favor compulsory military training, declared he was amazed at the manner in which both houses of parliament treated the army question, and at the apathy regarding military defence. The nation, he said, did not believe in the danger of invasion, and no wonder, for their leaders told them there was no fear of it.

"I know perfectly well that leaders in both houses are anxious about the future, but they do not tell the country at home," he said. "While we are sitting here taking it easily and comfortably, the danger is coming nearer and nearer to us daily, and unless you cease

JAPANESE PASTOR DISAPPEARS.

Whereabouts of Rev. A. H. Aoki, of
San Francisco, Are Not Known.

San Francisco, Cal., May 19.—Rev. A. H. Aoki, former pastor of the Episcopal Japanese mission in this city, and brother of Guntaro Aoki, husband of Gladys Emery Aoki, has disappeared from this city and his whereabouts are unknown to his congregation. It is said to-day that the members of the mission demanded his resignation as their pastor as a result of the part he played in the romance of his brother and the daughter of Archdeacon Emery. A delegation is said to have called upon the preacher after the marriage of his brother in Seattle, and scored him for not informing the Emery family of Guntaro's past record.

Rev. Aoki is reported, appealed to Bishop Nichols, but his resignation soon followed.

SHOOTS HIMSELF.

Winnipeg, May 19.—J. Isleson, a former 76 years old, residing with his daughter at Lundar, committed suicide by blowing the top of his head off with a rifle. No reason is assigned for the rash act.

LAST RAIL LAID.

Chicago, Milwaukee & Puget Sound
Railway Has Been Completed.

Butte, Mont., May 19.—In the presence of many officials of the road, the last rail to complete the line of the Chicago, Milwaukee & Puget Sound railroad, connecting Chicago and Seattle, was laid to-day near Hell Gate, 100 miles west of this city. According to statements of officials to-day transcontinental service over the new road will be inaugurated at an early date.

MRS. ANNIS GOING ON STAGE.

Wife of Man Slain By Captain Hains
Signs Contract With Theatrical
Agency.

New York, May 19.—It was announced to-day that Mrs. Wm. E. Annis, wife of the man whose death Peter C. Hains just begun serving a prison term in Sing Sing, has signed a contract with a theatrical agency to play piano accompaniments in a sketch.

Mrs. Annis says that she has been thrown on her own resources and it is necessary for her to adopt some means of livelihood.

STUDENT ACCIDENTALLY SHOOTS HIMSELF

Instantly Killed by Discharge
of Rifle Which He Was
Cleaning.

(Times Leased Wire.)
Pullman, Wash., May 19.—R. E. Davidson, a member of the Junior class and recently elected editor of the Chinook, the annual publication of the Washington state college, is dead to-day from wounds accidentally received by the discharge of a rifle he was cleaning yesterday. Davidson was automobiling with a party of friends and was about 15 miles south of Pullman when the accident occurred. Death was instantaneous. Davidson was a member of the victorious debating team that met the University of Montana, and was one of the best shots on the state college rifle team that won the championship of the United States colleges and universities in the recent rifle shooting contest.

RECIPROCITY IS FAVORED

ACTION BY MONTREAL
BOARD OF TRADE

Passes Resolution Regarding
Trade Within British
Empire.

(Special to the Times.)
Montreal, May 19.—At the largest meeting yet held the board of trade rescinded its resolution in favor of substantial preference of duties within the empire and the principles of inter-empire free trade so far as revenue requirements would permit, and adopted a resolution urging the general principles of reciprocal preferential treatment between the component parts of the empire as of present practical importance.

ROB EXPRESS CAR.

Bandits Knock Messenger Senseless
And Escape With \$200.

Augusta, Ga., May 19.—Passenger train No. 17 on the Southern railway was boarded by two robbers at Warrenton last night who entered the express car, and after knocking messenger Hutton senseless, ransacked the car. The bandits secured only \$200 in money and after throwing the unconscious messenger into an empty express chest, made their escape from the train.

NO COMPROMISE IN SPRECKLES WILL CASE

John D. is Determined to
Fight Petition to the
End.

(Times Leased Wire.)
San Francisco, Cal., May 19.—That John D. Spreckels and Adolph Spreckels will fight to the bitter end the petition of their brothers, Rudolph and Claus A., for a partial distribution of the estate of the late sugar king, Claus Spreckels, is believed here to-day. John D. Spreckels left late yesterday for San Diego. Before his departure he said: "This proceeding has been started with no idea of a compromise. It is a matter of principle, and there can be no settlement. If the question of undue influence on my father arises, we will show exactly the causes of the former estrangement between him and Rudolph and Claus. That is a matter that never has been made public." "The move of the executors in asking for a distribution of the estate was unexpected by us," he continued. "So was the filing of the will only eight hours after my father's death." In reply to a question concerning his present relations with his petitioning brothers, Spreckels said: "I have not spoken to Rudolph or Claus for 14 years, nor do I think Adolph has. Neither are we likely to." The first clash of counsel in the attack upon the sufficiency of the petition for distribution will occur before Judge Cook on Thursday. It is expected sensational revelations will be made following the hearing.

COPAS & YOUNG

ANTI-COMBINE GROCERS.
Cor. Fort and Broad Sts. Phones 94 and 133

A feature of the opening night of
"His Excellency the Governor" at the
Victoria theatre was the number of
box parties, there being six or seven
of them. Among them were the Gov-
ernment House party, Capt. Craw-
ford and Mrs. Crawford of H.M.S.
Shearwater and Capt. Edwards and
Mrs. Edwards of the Algonquin.

A change has been made by the
B. C. Telephone Company by which the
letters A and B will no longer be used
in connection with party lines. The

letters L and R will be used instead.
This change has been made owing to
the fact that A and B sounded like S
and 3, causing confusion.

The regular business meeting of
the W.C.T.U. will be held on Thursday
afternoon at 3 o'clock in the King's
Daughters' rooms, Fort street. The
special business of the meeting is the
hearing of the report on superinten-
dence of departments for the coming
convention to be held in Vancouver in
June.

THE OLD RELIABLE
Established For 15 Years.

INDUCTION OF

REV. JOSEPH MCCOY

Knox Church Has Become Self-
supporting—Services
Last Night.

The Victoria Presbytery of the Pres-
byterian church last evening inducted
Rev. Joseph McCoy, M.A., into the pas-
torate of Knox church congregation.
The salary promised is \$1,000 a year.

In connection with this induction Dr.
Campbell presided, Rev. Mr. Collins
preached, Rev. Mr. Clay addressed the
newly inducted pastor, and Rev. Mr.
MacRae the congregation.

Mr. McCoy was the ordained mis-
sionary of the East End missions for
four years, and did good and faithful
work. The highest compliment that
could be paid him is that one of the
congregations became self-sustaining
and called him to be their minister.
While the other St. Columba, will al-
so soon be self-sustaining, and would
like to have him as their minister. The
east end of the city is rapidly grow-
ing with a good, industrious class of
citizens, and is an encouraging field
for church work. Special music was
rendered by the choir last evening.

THE SMART SET FOR JUNE.

Richard Le Gallienne has never writ-
ten a more charming conceit than his
depiction of the compensations of a
poet's life, published in the June Smart
Set. "The Wagon and the Star," a
novel by Lydie Craff, is published
complete in the issue of the Smart Set
Algonquin Tassin's story, "A Yellow
Gosling," gives a glimpse into the ten-
der phase of a district attorney's
life and a picture of some of the unap-
preciated conditions of army service.
"Dushido," by Svetozar Tonjoroff, is
another army story, of life in the Phil-
ippines. The magazine also contains
a number of features of peculiar ex-
cellence. "A House to Let," by Mary
Mullett; "The Woman in a Million," by
Marie Belden James; "Green Char-
treuse," by Frederic Taber Cooper, "By
Allah Given," by Maude Leonard Tow-
son; "Miracle," by Adelaide Stedman;
"To the Devil and Back," by H. Fraser
Hill; "As They Would Have Told It,"
by Louis Baury, and "The Trick of
Time," by Frederica Mariani, are all
clever stories. Tom Mason, Theodosia
Garrison, Elsa Parker, Channing Pol-
lock and Wilberforce Jenkins are re-
presented by other stories, sketches and
verse.

**PRINCE RUPERT
KING OF HAVANA
CIGARS**

The finest Cuban tobacco is that grown
in the Vuelta Abajo Valley and the choic-
est of this growth is found in the low
lands.

It is from the first selections of the
choicest vegas of tobacco grown in the
Vuelta Abajo Valley that Prince Rupert
Cigars are made.

Prince Ruperts can be had in 30 shapes
and sizes at 10¢ to \$1.00 each. Your dealer
has them.

PROTEST BY
VICTORIA WEST

RESOLUTION PASSED
AT PUBLIC MEETING

Exchange by City With the Sil-
ver Spring Brewery
Discussed.

Between twenty and thirty ratepay-
ers and residents of Victoria West at-
tended the meeting called for last night
at Sample's hall to consider the action
of the city council in the proposed ex-
change of a piece of land on Lime
street for a piece on Esquimalt road,
which has for its purpose the widen-
ing of Esquimalt road. That the resi-
dents of Victoria West will not allow
the matter to go through without protest
is apparent, as after hearing the con-
vener of the meeting and the resi-
dents of the Mayor and Ald. Ross those
present passed the following resolu-
tion:

"Whereas, the corporation of the
city of Victoria has entered into an
agreement with the Silver Spring
Brewery Company to grant to that
company thirty feet of the public
thoroughfare known as the official map
as Lime street in return for fifty feet
of Esquimalt road;

"And whereas Lime street is the nat-
ural artery and connection between
Victoria and Esquimalt furnishing, up-
on completion of a traffic bridge across
the harbor, rapid means of communi-
cation between the points mentioned;

"And whereas the agreement between
the parties will in no way effect a set-
tlement of the question or prevent
others from closing Esquimalt road;

"Therefore we believe the public in-
terest jeopardized by this agreement
and paving the way for further con-
fusion and litigation, adding unneces-
sary burdens to the ratepayers;

"Therefore be it resolved that this
meeting protests against the proposed
settlement by the corporation and calls
upon that body to take the necessary
measures to secure to the public the
relief afforded by the registered high-
ways of the district."

Alexander Watson, at the opening of
the meeting explained that the propo-
sition was made by the city to give
thirty feet on Lime street to the Silver
Spring Brewery Company in exchange
for property on the Esquimalt road,
by which the city would be able to
widen the Esquimalt road. He did not
think it a correct thing to do, as he
held it would not be in the interests
of the city that any street should
have a projection over the line. He
attended the meeting to try and
prevent the deal going through. There
had been a discussion the night pre-
vious with the council, and he believed
the proposition had been moderated.
He was not fully conversant with the
particulars of the deal, but thought it
right that the property owners should
interfere. There was, however, he un-
derstood, a difference of opinion among
ratepayers on the matter. He would
like to hear the Mayor on the ques-
tion.

Phil Smith said it would be well to
have private thoroughfares closed and
the legal streets opened so that buyers
of property in the district would know
exactly where they were when com-
ing into the district to build. He un-
derstood the city intended to exchange
thirty feet on Lime street for fifty feet
on Esquimalt road. The city was not
looking to the future for if the brew-
ery company is given property on Lime
street they must have the assurance
they will not be disturbed without
compensation being awarded. He fore-
saw that owners of property would be
put to the cost of arbitration in later
years. The exchange, he said, does not
prevent owners from blocking the
street at either end, and he thought
they might do that to bring the city
up to time in the matter. If the city
can rightly make the exchange he con-
sidered it would be a vicious principle,
as there are other streets that can be
suitably used, although the thorough-
fare would then be crooked. Con-
cluding, he said the property owners
were there to protest against the en-
croachment on the street and to pro-
test against the kind of legislation pro-
posed.

Mayor Hall, at the call of the chair-
man, said Esquimalt road was laid out

by the province in 1860, but it was not
gazetted. The act held that whenever
public money was spent on a public
highway that road became the prop-
erty of the people of the province. The
road, however, was not gazetted, and
the width was not stated. The only
portion then that is a public highway
is that which has been left between
fence lines. The road is thirty-three
feet wide and the council felt it was
not sufficient, as in the future Esqui-
malt road is likely to become a leading
traffic street from Esquimalt to the
city. Some parts of the road are sixty
feet, and the council thought the
width should be made the same all
through. The council, on legal advice,
(laughter) deems it advisable to make
it fifty feet wide opposite the Silver
Spring Brewery, where it is thirty-four
feet in width, and had to take a por-
tion of the brewery property. As part
of the brewery property is on Lime
street, the council thought it best to
trade the Lime street area for the
land required on Esquimalt road. The
exchange would not interfere with a
single owner on Lime street, as the E.
& N. railway were the principal par-
ties affected. He said the brewery
company were not getting the prop-
erty for all time, as the city reserved
the right in the agreement to resume
ownership when the street is opened,
and the company had agreed to this
provided the city undertook the re-
moval of the building erected by the
company. The agreement stipulated
that only a wooden building was to be
erected. The Mayor thought the rate-
payers could not object to that. It
was not likely the city will open up
Lime street for some time. In answer
to a question the Mayor said the city
has the right to make any exchange
for public purposes.

Ald. Ross shortly supported the
Mayor and said he was in favor of the
deal going through.

E. M. Johnson commenced a general
attack on the city council and the
Mayor when one of the audience said
his speech was no doubt very inter-
esting, but was beside the question.

The resolution was then put and car-
ried.

THE MIGHTY POWER OF MI-O-NA.

MI-O-NA, that extraordinary and
perfect stomach tonic, will relieve dys-
pepsia in twenty-four hours.

It will cure and is guaranteed by D.
E. Campbell to the readers of the
Times to cure the most pitiful cases of
dyspepsia, if taken according to direc-
tions.

MI-O-NA tablets not only cure dys-
pepsia, but all stomach disturbances,
such as vomiting of pregnancy, sea or
car sickness and the stomach sickness
after excessive indulgence.

MI-O-NA cures by strengthening and
invigorating the flabby stomach walls
and after a course of MI-O-NA treat-
ment, constipation, if there is any, will
easily disappear.

Mrs. S. Keast, of Clarksburg, Ont.,
says: "A bad stomach trouble that had
bothered me for years, baffled and
puzzled skilled physicians, was nicely
relieved by my using MI-O-NA. My
trouble was on account of food not di-
gesting, but fermenting in my stomach,
forming a gas that gave me untold
suffering and pain and also made me
weak, nervous, irritable and unable to
rest. Since using MI-O-NA I can go to
bed at night and sleep and wake up
in the morning refreshed. I cannot
speak too highly of MI-O-NA."

MI-O-NA is a most economical treat-
ment, a large box of tablets only costs
50 cents at D. E. Campbell, and the
dyspeptic, nervous or otherwise, who
does not give them a trial is losing an
opportunity to regain health."

ANOTHER GOOD PLAY

PRESENTED THIS WEEK

Edmund Gardiner Company in

Fine Comedy at Victoria
Theatre.

"His Excellency the Governor,"
which was produced last night at the
Victoria theatre for the first time in
the city, scored a decided success. The
play is full of wonderfully amusing sit-
uations. There can scarcely be said to
be a plot to the play, so that the audi-
ence is not bothered with any thread
to keep track of. On the other hand it
abounds from start to finish with sit-
uations that give rise to laughter at
every turn.

Hanell Standing, who has been win-
ning honors with Edmund Gardiner's
company, again sustains his reputation
this week as His Excellency. Miss
Hilda Gilbert as Stella de Gex, takes
a much more prominent part in this
week's play than she did last week,
and does it well. Miss Van Buren is
again a favorite as Ethel Carleton. The
other parts are well done.

One night last week there was a very
nearly being no performance. Miss Van
Buren, Mr. and Mrs. Gardiner and the
ever present bull pup, "Cham" were
the guests of a local business man who
was trying out a new launch. The
luck of the hoodoo man was upon them.
The first indication of it was at the
wharf in front of the Empress hotel.
The tide was out and the sticky mud
they were unable to avoid caused a de-
lay of half an hour. All went swim-
mingly, however, until within sight of
the Gorge. The party was nearing the
rapid and congratulating itself upon
the final success and pleasure of the
trip when "chunk, chunk"—there was a
quick series of grinding wheels, spitting
pistons, a weak little thrust
through the water and final stubborn
back of the engine and she settled
down motionless and inert. The guests
of the launch chauffeur took the stop
as only a temporary derangement of
the motoring gear and while the rest
were listening to Miss Van Buren de-
scent upon the beauties of the sur-
rounding view, no one noticed that the
boat was drifting fast in the direction
of an eddy that would in another min-
ute have whirled them into the whirl-
pool and dashed them against the
rocks—no one noticed except Cham, the
French bull, that always accompanies
Miss Van Buren. The shrill sharp
barks of the mascot pet summoned at-
tention to the course the launch had
taken. No provision had been made
against accident but with one oar and

a broken bit of another the men began
to paddle for dear life out away from
the fast approaching rocks and foam.
No sooner had they made the middle
of the stream than they espied a party
of friends in a canoe making for the
Gorge. Miss Van Buren was more
concerned for her dog than for herself,
and insisted that Cham be given to the
caneers. The latter and the disappoint-
ed launch party were soon on shore,
where amid profuse apologies from the
host of the ill-fated trip, manager,
wife, leading lady and dog hastily be-
took themselves through the dusk to
the electric car, vowing never again to
venture streamward from the theatre
without a wardrobe of life preservers
and double oars all around.

MAY REVOLUTIONIZE

MODERN WARFARE

New Orleans Man Claims to Be

Able to Explode Maga-
zines by Wireless.

New Orleans, May 18.—If the progress
for the destruction of protected maga-
zines aboard battleships and in forts
devised by H. A. Folk, of this city, is
practical, modern warfare will be revo-
lutionized. Folk claims to have dis-
covered a way by which the magazines in
vessels miles distant can be exploded
by a wireless spark set off by an op-
erator in a tower on the shore. He
claims that by his process one man
can destroy an entire fleet within a
very few minutes.

The young inventor, it is said, has
corresponded with the United States
government concerning his discovery,
and negotiations for its purchase are
pending. He has been commanded to
secrecy by the war department, and re-
fuses to divulge any part of his process.

At the Inquest at Hamilton, Ohio, on
the body of Albert Ketterling, a Cin-
cinnati student at Miami university,
Oxford, Ohio, the boy's mother testi-
fied that last Friday she received the
following letter: "This is to let you
know that your son tipped the Black
Hand off to the police, and he was a
member. For that he lost his life.
Close your mouth. (Signed) Black
Hand."

PAGEANT AT THE OPENING OF FAIR

Japanese Sailors Will Take
Part in Ceremonies at
Grounds.

Seattle, May 19.—Col. T. C. Woodbury,
U. S. A., acting commander of the De-
partment of the Columbia, has accepted
the invitation of Josiah Collins, chair-
man of the committee on cere-
monies and special events, to act as
grand marshal of the parade to be held
on the opening day of the Alaska-Yu-
kon-Pacific exposition. There will be
1,200 soldiers camped on the exposition
grounds. The six cruisers of the Pa-
cific fleet, which will be anchored in
Elliott bay, will land sailors and ma-
rines to participate in the opening cere-
monies. The two Japanese warships,
under Rear Admiral Ichih, which have
been sent to the United States for the
opening of the fair, will also send a
considerable force of sailors and cadets
ashore. An order was recently made
by the department of state permitting
the visitors to land under arms.

All of the features for the opening of
the exposition will be seen on the
grounds. The parade will not start
from downtown, as was at first plan-
ned.

There will be a guard mount at 9
o'clock immediately followed by a pa-
rade of the troops. It is also planned
to have a parade of the attractions of
the fair. But if the crowds are too
dense, only the military feature of
the parade will be seen.

At 10 o'clock the exercises in the
natural amphitheatre will begin. The
speeches and the music will occupy two
hours and exactly at noon, which will
be 3 o'clock Washington, D. C., time,
President Taft will press the golden
key in the White House, which will
start the wheels moving and will give
the signal for the official opening of
the fair.

Whether British Ambassador James
Bryce will deliver an address on open-
ing day is still unsettled. James J.
Hill has offered to see Mr. Bryce, and
the result of the conference has not
been announced.

CIGARETTES DOOMED

UNDER NEW LAW

Code Fassed by Washington
Legislature Takes Effect
Next Month.

Olympia, Wash., May 19.—At mid-
night June 24th the cigarette will be
banned from the state of Washing-
ton, for on that date the new criminal
code goes into effect. Section 284 of the
code is as follows: "Sale of cigarettes
and cigarette materials. Every person
who shall manufacture, sell, give away
or have in his possession any cigar-
ettes, cigarette papers or cigarette
wrappers shall be guilty of a misde-
meanor."

When that section of the code was
passed by the legislature many thought
that it was a copy of the Ryerly law
passed two years ago, which prohibited
only the sale of the "pills," "dream
producers" or "coffin nails," as they are
commonly known, with the exception
that the proviso giving the wholesale
dealer the right to handle them had
been stricken. In the rush of the last
days of the session, however, the men
in favor of "cigarette prohibition" got
in their work and the section was so
doctored that cigarettes will be outlawed
beginning June 10th, 1909.

It is the opinion of the attorney-gen-
eral's office that the law means that
cigarettes are banned under the law
and any person who has them in his
possession after June 10th is subject to
fine and imprisonment.

The cigarette smoker is hard hit by
the law. If it is enforced it means that
the person who wants to smoke cigar-
ettes will have to do it in secret. Some
maintain that under the strict con-
struction of the law a man might have
one cigarette, but that is trifling with
technicalities, and when the new code
goes into effect the cigarette will be
banished by law in the state of Wash-
ington.

Ivory comes mainly from the African
elephants, though the tusks of other ele-
phants and of the hippopotamus and the
walrus are also used. The average
weight of a tusk is about 60 lbs., but they
are found weighing three times as much.

Poor Digestion?

This is one of the first signs of stom-
ach weakness. Distress after eating,
sour eructations, sick headache, bil-
ious conditions are all indicative
that it is the stomach that needs
assistance. Help it to regain health
and strength by taking

TO PLACE BLAME FOR HIGH PRICES

Proposal to Appoint Committee
Discussed in U. S.
Senate.

Washington, D. C., May 19.—Discus-
sion of whether high prices in the
United States are caused by the tariff
or extortion of the jobbers and retail-
ers, occupied the senate yesterday. The
discussion arose in connection with the
resolution recently introduced by Sen-
ator Gore, the blind statesman from
Oklahoma, which demanded that a
committee investigate this condition.

Senator Aldrich suggested that the
resolution be referred to the senate
finance committee, stating that it was
proper that this committee should deal
with it as such an investigation would
involve considerable time and expense.
Carter, of Montana, opposed the resolu-
tion, suggesting that the same sort
of an investigation was already pro-
vided for in the pending amendment to
the tariff bill looking to the appoint-
ment of a commission of experts for
the investigation of all matters per-
taining to the tariff.

Gore declared that the Republican
senators who had charged the retailers
with the responsibility for the high
prices had discovered that they had
stepped on a live wire and were now
trying to retreat. He said he had finally
suggested the appointment of a se-
lect committee to make the inquiry in
view of the fact that the finance com-
mittee was so busily engaged in calcu-
lating the cost of labor here and
abroad. Gore insisted that a select
committee could report within three
weeks on whether or not examples re-
cently shown the senate regarding
prices raised between the manufactur-
ers and consumers were true.

Carter denied this, asserting that
such an investigation would require
two years. He made a strong pro-
tection speech and asserted that the Dem-
ocrats were requesting information al-
ready available and which the members
should have found out for themselves.

Finally Gore's resolution was amend-
ed so the inquiry would be conducted
by a committee of three, Republicans
and two Democrats, and was referred
to the finance committee.

Stone's amendment to readopt the
Dingley rate on razors was lost by a
vote of 36 to 48.

The amendment increasing the rate
on umbrella ribs from 25 to 50 cents ad
valorem, was adopted on a special vote.
Gore's resolution finally was referred
to the committee on finance by a de-
cisive vote.

**ACCUSES BROTHER
OF STEALING DIAMONDS**

Los Angeles Woman Has War-
rant Issued for His
Arrest.

Los Angeles, Cal., May 19.—Suspected
of having stolen \$10,000 worth of dia-
monds from his sister, Mrs. Lulu M.
Woodley, who came here from Norfolk,
Va., to be married, Frank C. Chapman
is being sought by the police here on a
warrant issued by the sister. Chap-
man is believed to be on his way to Se-
attle and is reported to have left this
city last Thursday.

The police were first apprised of the
theft of the diamonds on May 18th, but
succeeded in bottling up the disappear-
ance of the gems by giving fictitious
names in an insignificant amount. It
is said that the first suspicion of the
sister against her brother was aroused
when a ring found by detectives in a
paw shop was said by the police to
have been traced back to him.

Mrs. Woodley and her husband, who
was formerly a jewelry salesman, live
here.

**GOVERNOR AWAITS
COMMITTEE'S REPORT**

Prepared to Call Extra Session
of Washington Legis-
lature.

Olympia, Wash., May 19.—Governor
Hay yesterday denied the published re-
port that he had his call for the spe-
cial legislative session for the impeach-
ment of State Insurance Commissioner
Schively already written. The govern-
or is awaiting consultation with the
legislative investigating committee re-
lative to the committee's reason for
holding back the report on Schively un-
til the conclusion of the entire investi-
gation. As indicating his preparedness
to call the extra session as soon as the
committee report is in hand, Governor
Hay said that the call would be "short
and sweet."

He also stated in case of an extra
session he would ask the legislature to
submit to the people at the next elec-
tion the question of eliminating all
state officers from the elections except
the governor and lieutenant-governor,
making them appointive by the govern-
or. This is a proposition recently ad-
vocated by Governor Hay for the pur-
pose of giving the state a cabinet form
of government similar to the national
government. He expressed the belief
that the people became familiar with
the candidates for governor at the pri-
mary and general election, but not suf-
ficiently with the majority at least of
the state officers. In making the gov-
ernor responsible to the people for the
state departments through power of
appointment he believes better men
would be obtained for office and would
give better service.

Governor Hay declares he will em-
body a strong recommendation for the
submission of a constitutional amend-
ment to the people in his message to
the legislature, should the extra ses-
sion be called. He also said the consti-
tutional grounds of impeachment, for
"high crimes, misdemeanors and of
malfeasance in office," were broad
enough to cover the Schively case.

Governor Hay, when asked if he

Christie's Biscuits are the Best

EVERY particular house-
wife in Canada says Christie's
Biscuits are so much superior to
the next best that there is no comparison.

Christie's Biscuits are baked by special-
ists who know how, in the cleanest and most
modern biscuit factory in the Dominion.

Every pound of flour entering into our
bakes is the best milled—we blend the best
brands, then sift and test our blend. Every
ounce of raw material is analyzed by several
inspectors. Pure, fresh butter, new, sweet
milk, delicious cream and fresh eggs—all mixed
with our special blend of flour in the Christie
scientific way yields that unvarying flavor—
that crisp, delicious and lasting goodness
which has made

Christie's Biscuits

the joy of every housewife in Canada. Indeed
you do not know biscuit goodness until you
have enjoyed Christie's.

Sold in bulk, by the pound, or in moisture
and dust-proof packages.

Christie, Brown & Co., Ltd., Toronto

THE CHRISTIE GIRL—She is representa-
tive of the 300 girls in spotless white, employed
in the Christie factory. They are supplied with
two uniforms a week, and these, with handker-
chiefs, towels, etc., are laundered on the premises.

PERPLEXITIES CAUSED BY PAVEMENTS.

We suppose some kinds of street pavements are better than others. Doubtless also a certain type of pavement may be quite suitable to a certain city and next to absolutely unsuitable to another city. Climatic conditions may be a factor in determining the value of a particular kind of pavement to any particular municipality. The council of Victoria is at present in a state of excusable perplexity in regard to pavements. So many different varieties have lately been thrust upon its attention, the advocates of each of course claiming that it is the best yet discovered, that a certain amount of confusion is neither to be wondered at nor censured. Speaking as one who has no technical knowledge of the ingredients which enter into the composition of pavements, or of the life expectancy of any kind of roadway after it is laid, the Times has nothing to say in advocacy of the claims of any particular brand of material. But we can say that on the whole no better pavement than wood blocks has yet been found, provided the life of the work could be brought into something like harmony with its original cost. There is also something to be said in favor of pursuing a general design of municipal improvement. The city would not look well if every street in it were paved with different materials—wood blocks here, bitulithic there, asphalt yonder, hazzam in this street, granite in that, vitrified brick in the other, and tar macadam somewhere else. Appearances count for something in building a city. We fear that if a different experiment were tried in every street in the city the general effect would not be all that could be desired from the point of view of the urban aesthete. The aldermen who are anxious to pick the best and the ratepayers who have to bear the burden would possibly be well advised in sticking to wood blocks until a substitute has been found which has endured a satisfactory test under local conditions.

ANOTHER PANICKY NOTE.

That idol of the British soldier, Lord Roberts of Kandahar, from his tribune in the House of Lords, has issued another note of warning to the British people. The admonition is to the effect that the nation is living in a sense of false security; that its military defenses are the next thing to valueless; that the signs of the times are ominous; and that the day may not be far distant when the truth will be realized that the watchmen who have been vociferously calling upon the walls were not mere alarmists, but inspired prophets.

Far be it from us to suggest that this great military authority does not know whereof he speaks. He is in a position to know more about the designs of the enemies of Great Britain, to apprehend the evil significance of their knavish tricks and the li portent of their politics, than any other living man within the circumference of the Empire. We should therefore hesitate to describe "Bobs" as an alarmist. At the same time it is significant that the note his Lordship now sounds in regard to the condition of the army is pitched in precisely the same key as the note which lately resounded throughout the country in regard to the condition of the navy. The latter alarm has almost passed away, leaving behind it a distinct impression that it was blown forth chiefly for party political purposes.

Again, the lords and gentlemen are reported to be greatly perturbed in mind at the prospect of a substantial increase in the taxation which will bear most directly upon them. This increase is principally for the purpose of meeting the requirements of the navy. Already some of the nobles have announced their intention of selling out their estates and investing in a country where the conditions in respect of taxation are more stable—in the United States, where the taxes fall more heavily upon the poor than they do upon the rich—in order to escape contributing in larger measure under Mr. Lloyd-George's budget to the expenditures necessitated by the growing liabilities of the country. That is surely not a very patriotic thing for people whose principles are intensely patriotic to threaten to do. They have lived well and sumptuously for generations, tolling little and spinning less; why should they desert their colors in the time of the nation's extremity—if it is in extremity?

Now our friend Lord Roberts is well stricken in years. He is probably not as clear of vision as he was in the days when he performed so wisely and courageously for the nation in India and in South Africa. Or it may be that as a statesman he has caught a note entirely different from the note of the soldier. Or again it may be that his environment has given a new direction to his thoughts. All the world knows the sentiments and appreciates the point of view of the Lords. They never did love Liberalism. They think less of it now than ever before because it is putting its hands in their pockets and apportioning taxation in accordance with the ability of the taxed. They dare not lay their agitated hands upon the budget of a somewhat radical Chancellor; but they may have hopes of accomplishing the defeat of the government before its new fiscal policy goes into effect. They well understand that if the principles involved become crystallized in an Act of Parliament there is little likelihood of their being changed. We may be sure they do not contemplate a further increase of their burdens for the purpose of creating an army corresponding in strength to the army of tax-ridden Germany. What, then, is the real significance of this warning which has issued from the Lords through the instrumentality of Lord Roberts? That is the question. It will be answered in accordance with the political principles of the individual to whom the question is put.

A NEW LIGHT ON THOMAS CARLYLE'S CHARACTER.

Thomas Carlyle, the Sage of Chelsea, some recall him as the Ogre of Cheyne Row—is not generally regarded by either his contemporaries or his later readers as a very lovable man or as a sentimentalist. The great philosopher of the north was a worshipper of strength, of character, of genuineness—one who despised cant and humbug. He was not always tender, gentle, or knightly in his treatment of his wife; but his shortcomings in this respect were not those of the heart, but the characteristic weaknesses of intellect or genius. Mr. G. M. Fraser, chief of the Aberdeen public library, sets Carlyle in a new and more interesting light, to ordinary people, in the April number of Chambers's Journal. Mr. Fraser writes: "The closer one comes to Carlyle in this region (his native county of Dumfriesshire) the more does his innate strong goodness of heart appear. It was a very significant thing, as his niece, Miss Attkin, observed to us on one occasion, that each of Carlyle's relatives felt that he or she was his special favorite. There was the beautiful touch, too, in his very last days, in his recollections of his father. It was, if we remember rightly, on Carlyle's last visit to Dumfries. He was becoming very frail, and accompanied by Miss Attkin, whose sister so devotedly cared for him after Mrs. Carlyle's death, he took a drive

from Dumfries by Auldgrith Bridge, a few miles out, at the building of which his father had worked as an apprentice mason. Carlyle recalled this circumstance, and when he reached the bridge he wished to get out that he might touch the stones which his father had handled. His niece tried to dissuade him, but he would get out; and, leaning on her arm, he stepped over to the parapet and passed his hands over the stones lovingly as if touching the head of a child. It is a view of Carlyle which, amid the many aspects in which he is presented to us, those who love him best will prefer to retain as a last impression." This picture of the stern-featured, rugged, characterized, hasty-tempered essayist and philosopher as his feet hovered on the border of the shadow land indicates that beneath the surface of his uncompromising physical structure there glowed a furnace of the sentimental emotions quite common in the ardent, northern temperament, but which the Lowlander usually hesitates to give expression as involving a manifestation of effeminacy or weakness.

We are pained to observe, that some of the leading newspapers of the United States are still "making game" of Col. Roosevelt's hunting trip. The intrepid adventurer has just killed a second rhino, the latest also in the act of red-eyed, dangerous charge, as a result of seven superficial wounds. This would imply that the aim of the great man was not as deadly as usual. But, the New York Times says: "Wonderful luck the Colonel is having. Six lions since Saturday, or five and a lioness, make a splendid score. Why does the historian of this game persist in discriminating against the lioness? Does he want to stir up the suffragettes against the Colonel? Are not lioness and lion equivalent terms? If must be remembered, however, that the Colonel has the course to himself, except for the lions, which seem to be tractable and well trained to face inevitable death with the tranquillity of Christian martyrs in the palmy days of lionhood, before the advent of Col. Roosevelt. Nobody is shouting 'Fore' behind him, nobody is lingering on the greens to add up his score, he has 250 caddies and Kermit, whose lion hunting is a flimsy bluff. Nevertheless, the Colonel is truly the sportsman's pride. He holds the record."

Manitoba Free Press: "At the recent meeting of the Presbyterian Synod in British Columbia the Moral and Social Reform Committee in its report from Victoria, said: 'With one accord, mention is made of the infamous "forged telegram" in connection with the contest in the City of Victoria. The "confession" received and published by the chief head of another denomination has only intensified the detestation for such a base thing. It is abhorrent to our sense of decency that not the slightest effort should be made up to this hour to have this scandalous business dealt with officially.' The truth about this fraud will probably never be known, as the Attorney-General of British Columbia has explicitly refused to prosecute. Meanwhile Mr. Barnard retains the seat obtained by this crime."

A sordid-minded, viciously inclined old man is this Leopold of Belgium. But he is one of the anointed rulers of the world, and the Belgians cannot think of any way of getting rid of him. Leopold with all his folly is very careful not to tamper with the constitution, or some Young Belgians might arise and put him in a place corresponding to that which Abdul the Deposed occupies.

Victoria has grown so big and is feeling so big as a result of recent growth that she regards in a patronizing kind of way the 24th of May celebrations of other days. Yet the annual fête of the year 1909 will be just as heartily participated in and as thoroughly enjoyed as that of 1908.

How many of the goodly number of persons who listened in silence that could be felt to the beautiful overture so admirably rendered at the Victoria theatre on Monday night knew that the music was composed by Mendelssohn when he was but a boy of seventeen?

What Other People Think

EARL OF MEATH ON EMPIRE DAY.

To the Editor:—As it was in Canada that I believe May 24th was first observed as "Empire Day," and the last school day before May 24th as "Empire Day," and as I am informed that the idea of observing "Empire Day" originated with a Canadian lady, Mrs. Fessenden, it has ever been a pleasure to me, in my efforts to spread the movement throughout the British Empire and to develop its ideals and higher aims, to observe the rapid progress it has made throughout the Dominion since those early days.

As the movement grew in strength and in numbers, so it increased in depth of meaning, and in national usefulness. Its watchwords—"Responsibility, Duty, Sympathy and Self-Sacrifice"—represent the moral foundation on which it rests. The fifteen injunctions of the movement, dependent on the acceptance of the four watchwords, enjoin the followers of the movement to: 1. Love and fear God. 2. Honor the King. 3. Obey the laws. 4. Prepare to advance the highest interests of the Empire in peace and war. 5. Cherish patriotism. 6. Regard the rights of other nations. 7. Learn citizenship. 8. Follow duty. 9. Consider duties before rights. 10. Acquire knowledge. 11. Think broadly. 12. Practice discipline. 13. Subdue self. 14. Work for others. 15. Consider the poor and the suffering. Last year some 52,000 schools, representing some 4,000,000 scholars throughout the

Empire, came more or less under the influence of the movement, and some 14 millions of British subjects observed "Empire Day." These are large numbers, but they represent but a very small proportion of the 400 millions of people who owe allegiance to King Edward VII. Will you who read these lines help to spread a more thorough knowledge of the movement? Will you aid in impressing on all parents and educators of youth the higher aims of the movement and the vital importance of bringing up a generation of virile, disciplined men and women imbued with a deep spirit of Imperial patriotism, and an ardent desire to give of their best to the state—a word which in all self-governing communities like Canada means the people as a whole in contra-distinction to the individual citizen as represented by self.

An "Empire Catechism" and soul-stirring Empire songs, which should be learnt by heart by all children throughout the British Empire, can be obtained for a trifling cost from the secretary of the movement at 33 Lancaster Gate, London, W., together with a "Message" printed on a large and useful map of the Empire. If possible, every school should also be provided with a large wall map of the Empire ("Navy League" or "Howard Vincent" maps), and of course with a flagstaff and a Union Jack which latter should be ceremoniously saluted by both boys and girls on "Empire Day," the King's Birthday and on such other notable days as may be considered desirable. For the "Empire" Movement may make material progress this year throughout the Dominion, and that systematic instruction in good citizenship may be given in a largely increased number of homes and schools to the lasting benefit of Canada and of the Empire. Believe me, sir, to be Your obedient servant.

MEATH.
Villa Teresa, San Remo, Italy, April 20th, 1909.

SONGHEES ARE GRATEFUL.

The following letter of thanks has been forwarded on behalf of the Songhees tribe to the Minister of the Interior at Ottawa: Hon. Frank Oliver, M. P., Minister of the Interior, Ottawa, Ont.: "Sir—I have the honor to inform you that at a meeting of the band of the Songhees, which was held last evening, your remarks on the floor of the House of Commons delivered on the 16th day of February, A. D. 1909, relative to our reserve, were read and fully explained to the members of the band."

The recent correspondence between the Victoria Board of Trade and Dominion government, published in the Victoria newspapers, was also read and fully explained to the members of the band. The members of the band authorized me as their chief to write and extend to you their sincere thanks, not only for your assurance with reference to the fact that no sanction would be given to departure from the traditional policy in dealing with Indians, but also for the noble stand which you took (as the correspondence discloses) for the protection of our rights and property which have been given to us and guaranteed by a solemn treaty made on our behalf, as we have always been taught securing to the band possession for ourselves and successors.

We know that we can always confidently rely upon the strong arm of the Dominion government to protect us, and we more than fully appreciate your wise judgment in firmly declining to accede to urgent and unreasonable demand of the white men to have you pass legislation to compel us remove from off our land and destroy our homes, thus proving to us the good faith of the Dominion government in upholding us in our undoubted and deeply cherished rights.

I have the honor to be, sir, Your obedient servant,
M. COOPER,
Chief of the Songhees.
Victoria, B. C., May 19th, 1909.

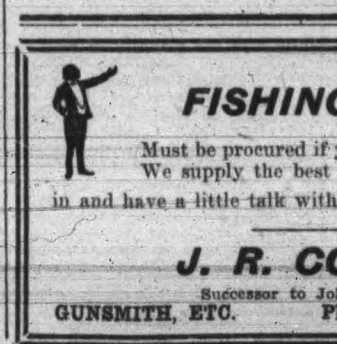

AFTER DOCTORS FAILED

Dr. Williams' Pink Pills Cured a Severe Case of Anæmia and Weakness.

Anæmia—poor watery blood—is the cause of most of the misery which afflicts mankind. The housewife especially falls an easy prey to it. The long hours and close confinement necessary in performing her household duties sap her strength. She becomes run down and often suffers extreme misery. Dr. Williams' Pink Pills are the housewife's friend. They make new blood—lots of it—and pure blood banishes all women's ailments. Mrs. E. St. Germain, wife of a well-known farmer of St. John des Chateaux, Que., found new strength through Dr. Williams' Pink Pills. She says: "A year ago I was extremely weak. I could not attend to my work. I suffered from dizzy spells, my head ached, my blood was poor. I had a bad cough and the doctors feared I was going into consumption. I followed their treatment for some time but without relief. I grew discouraged and finally gave it up in despair. I was strongly advised to try Dr. Williams' Pink Pills so I procured six boxes. Before they were all gone I felt relief. The headaches and dizziness became less frequent and I felt a little stronger. I continued the pills for a couple of months at the end of which time I had gained in weight; the pains had left me my appetite was good and I felt strong and well as ever I did. I cannot say too much in favor of Dr. Williams' Pink Pills for I certainly owe my good health to them."

The woman in the house, the man in the office, the boy or girl in the school will always find a friend in Dr. Williams' Pink Pills. These pills actually make new, rich red blood and good blood banishes rheumatism, general debility, kidney troubles and those aches and pains caused by overwork or overstudy; good blood builds up the tired unstrung nerves and makes pale thin cheeks rosy and healthy. The pills are sold at 50 cents a box or six boxes for \$2.50 by all medicine dealers or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

Daffodils are so called from the old English "affodyle"—that which cometh early—because of their early blooming.

FISHING TACKLE
Must be procured if you want a good "Catch." We supply the best at reasonable prices. Call in and have a little talk with me on the subject of fishing.

—The Woman's Missionary Society of the Metropolitan Methodist church will meet at the church on Thursday afternoon at 2 o'clock.

—The bank clearings in Victoria for the week ending May 18th, totalled \$1,322,182, as reported by the Victoria Clearing House.

—Holders of Free Miners Certificates are reminded that it is advisable to renew their certificates on or before the 31st day of May.

—At a meeting of the finance committee of the Victoria Island Development League yesterday afternoon the treasurer was authorized to pay the salaries of the secretary and the office assistant as they fell due, and other matters of routine were disposed of.

—The funeral of the late Peter Leville took place yesterday afternoon at 2 o'clock from the Hanna chapel, where the Rev. H. A. Carson conducted an impressive service. There were a large number of friends present and many flowers were sent. The following acted as pallbearers: J. A. White, A. Wallace, D. McCallum and T. Robertson.

—Oswego street property-owners are circulating a petition to have several works of local improvement carried out on that thoroughfare, which is the only through street from Belleville st. to the sea-front between Menzies and Montreal streets. The owners want the street widened to 60 feet between Simpson and Dallas road, and macadamized and laid with permanent sidewalks and boulevards throughout its entire length.

—On Monday evening at the residence of Mrs. Walter Willcroft, 1123 School street, the monthly social of the Y. P. S. C. E. of the St. Paul church, Victoria West, was held. The attendance was large and a delightful impromptu programme was given, consisting of vocal and instrumental music and a recitation by Mrs. McCoubrey. The latter and Miss Fisherham were a tie in the Scripture contest. Mr. Walker carried off the second prize. Refreshments were served, and a hearty vote of thanks given the hostess at the close.

—Ascension Day, the day celebrated in memory of the ascension of Christ, will be observed to-morrow in the city churches. At Christ Church Cathedral the holy communion will be held at 7 and 8 a.m., and after the morning service at 11 a.m. Evensong will be held at 8 p.m., and a sermon will be preached by the bishop. At the St. Barnabas church services will be held at the following hours: Holy Eucharist, 8 a.m.; matins, 10.30 a.m.; second celebration of the holy Eucharist, 11 a.m.; evensong and devotional reading at 7.30 p.m.

UNUSUAL OFFENCE.

Man is Charged With Stealing Furniture From His Wife.

G. L. Middleton was fined twenty dollars in the police court this morning on a charge of carrying a loaded revolver at the steamer dock yesterday. Failing the payment of the fine he will have to serve one month in jail.

The prisoner was held on a second charge of stealing furniture, valued at \$400, from his wife. R. Lowe appeared for the prosecution and J. A. Alkman for the accused, who was remanded till to-morrow on bail of \$1,000. Mr. Alkman made application for the payment of a draft for \$200 found on accused when arrested. Magistrate Jay, however, held the draft would be just as safe in the hands of the police and declined to make the order. The prosecution held that the money was the proceeds of the furniture, and that if accused obtained possession of it they would never see it again. Mr. Alkman held it to be an injustice that accused should be held in jail while being the possessor of \$250. All his money was in the draft, and he was unable to pay the fine otherwise than from it. When his application was declined he said he would go to the higher court at once for an order to compel the police to hand it over.

PRACTICE TO-NIGHT.

Lacrosse Is to Be Quite a Feature of the Empire Day Celebration Here.

Besides the game between Victoria and the Maple Leafs of Vancouver on the morning of the 24th of May, there will be another lacrosse match during the celebration. This will be held at the Royal Athletic Park, 6 o'clock Tuesday evening, May 25th, between Victoria West and the Vancouver team.

Victoria West claim that they will have a team on the field worthy of this city, and are holding practice this evening at Oak Bay in preparation for the game.

By this it will be seen that the lovers of the national game will have plenty of opportunity of seeing their favorite sport played.

Players who are requested to be on hand at Oak Bay to-night are: H. Campbell, A. Clegg, McLaughlin, Stiles, O'Kell, Stevens, Kroeger, Wilson, W. Pallard, C. Fairall, A. Campbell, T. Cessford, C. Mason, F. Jenkins, A. Caras, F. Young, J. Petticrew, A. Corkle, J. Bailey and any others.

ELEPHANTS ATTRACT.

Pantages Theatre Has Big Bill to Offer This Week.

A unique feature is offered at the Pantages theatre this week in the exhibition of the three elephants on the stage. The attraction is new in the line of vaudeville in Victoria, and the house is being crowded to witness it. The performing elephants, however, are not the only attraction that Pantages offers. Five other high class entertaining numbers are on the bill making a record-breaking show. The whole show is good from start to finish, with the Pantages artists: Dan Harrington, in "Jerry's Bluff"; Margaret Dodd, violinist; James Dixon, singing "Everybody's Happy When the Sun Shines," and moving pictures.

There will be two matinees on Saturday afternoon in order to accommodate all.

The Willing Workers of St. Barnabas church will meet in the school-room on Friday afternoon at 3.30.

ST. ANDREW'S FINAL CONCERT AND DANCE

Very Successful Close to the Series of Entertainments.

During the past eight months a series of concerts and dances have been given under the auspices of St. Andrew's society in the A.O.U.W. hall which have proved highly enjoyable and have consolidated a standard which other organizations will find it difficult to attain. Last night the final entertainment for the season was given, and was a fitting climax to those that had gone before. The attendance was larger than ever, the concert numbers were all splendidly rendered, and after an appetizing supper dancing was enjoyed on a perfect floor till an early hour this morning.

President P. J. Riddell and the members of the society have good reason to be satisfied with the success of the series of entertainments, and especially with that of last night, which alone netted \$160 for the sports funds. The St. Andrew's Pipe Band, who appeared in the handsome new uniforms recently secured from the old country, rendered several stirring selections during the evening, to the delight of the audience. A pretty souvenir programme was distributed in honor of the occasion.

After a hearty welcome had been offered to those present, by the president of the society, the following programme was rendered: Bagpipe selection, Pipe Major Melvor; songs by R. Morrison, Mrs. Crawford, Mr. Adamson, Mrs. A. Butler, J. Dobble and Miss Carson; duet by Mrs. Reid and Miss Carson; Highland dance, Miss Murray; trio by Mesdames Butler and Reid and J. Dobble; mandolin solo, Miss Le Manson; piano duet, Mrs. Reid and Miss Thain, Mrs. Reid and Mrs. Bird acted as accompanists.

At midnight supper was served and dancing was then enjoyed to the music of Miss Thain's orchestra. The dance committee consisted of W. Wishart, J. Burnett and R. M. McIntosh. Mrs. A. Butler and R. M. McIntosh were the concert committee. To these is due great credit for the success of the event.

A meeting of the parks board is called for this afternoon, but it is exceedingly doubtful if a quorum can be obtained. With a full board of seven members it was generally difficult to get a quorum of four, and now that there are only four members left the chances of getting all together are slim.

Robin Hood Flour, Canada's Newest Greatest Flour, Continues to Grow in the User's Favor

"ROBIN HOOD FLOUR" started out well. It made an immediate impression by its "goodness," by the amount of bread it makes in comparison with other flours, and by the sweet, mealy flavor of the loaves made from it.

When you are using add more water than with the flours you formerly bought. Then note the result. You get more bread, of more nutritious quality.

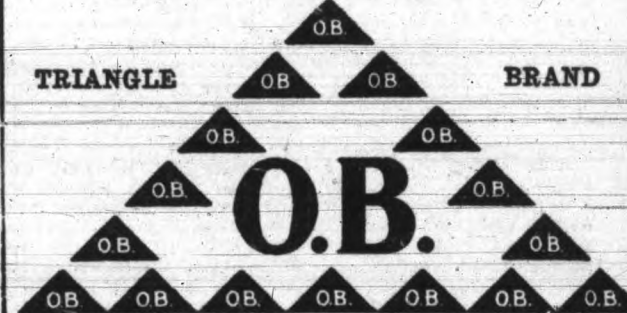

We are sending our staff of "Robin Hood" girls to every home in Victoria to let you know something about this wonderful, satisfying flour, to tell you why it has been so sensationally successful, and to get your order for a trial bag. Be sure and give them an order. It will prove its value. And Robin Hood Flour is sold under a positive guarantee. Your money back if not satisfied after two fair trials.

Every woman in Victoria ought to be using ROBIN HOOD FLOUR now. If you haven't tried it start now. Order a bag the next time you buy flour. You will certainly be delighted with it. And remember that "this DIFFERENT flour" is always guaranteed.

Made of Saskatchewan's Best Wheat "Robin Hood Flour" is in Every Way a Superior Flour

THE MAN BEHIND THE BLAST.

At the head of the rock drilling and blasting gangs in the New York Central yards is a little Irishman who knows the science of breaking up granite cliffs from Alpha to Omega. He knows rock as well as a Southern epicure knows "possum."

It is a rare pleasure to see him go about his task. He picks out unerringly the weak spots in the rocky wall before

him, probes them deep with cunningly slanted drills and then breaks the solid bluff into tiny fragments. All the time 7,000 workmen are toiling in the yards about him, and the trains are coming and going every four minutes. His position is onerous, yet his responsibility rests but lightly on his shoulders. He is as quiet and unassuming as a boy, and his laugh is as merry and jovial as though he had not a care in the world. Alcolm.

Solid stripes from the hair line to stripes one inch wide, solid backgrounds are correct. We show them in many shades in pure stock worsted and flannels.

ENTRIES FOR RACES TO BE LIMITED

Scarcity of Hay is Giving Dealers Much Concern.

With three hundred and sixty horses waiting the opening of the summer race meeting and all here to take an active part in it, the chances of ringing the changes by bookmakers is impossible and a repetition of bookmakers corralling the horses and making their betting a cinch, is one of the many things that will not happen at the Wilkes track this summer.

Among the favorable things that will happen, however, is the horses will have to run to win. There are three hundred and sixty of them wanting to be in the winnings, and as there are but six first prizes to be won each day, each horse owner will want to land the big prizes to make up his expenses for the meeting. With Robert Leighton known to every jockey and owner, there will be little opportunity for the owners to get together and pool the races. He will be on the track six days each week, and will have the assistance of a patrol judge on the back stretch, whose duty will be to watch for irregular running. Should such be discovered there will be a bringing up before the stewards for a certainty.

Robert Leighton said this morning that eight or ten starters will be the most that will be allowed in the races. He does not think that the Wilkes track is suited to carry more than ten horses in short races with safety to the animals and their riders. The small fields in the short races will be the means of further puzzling the books to locate the winners and will give backers a win place and show betting and plenty of chances to pick winners with success.

Further applications for stalls at the track are coming in daily, but all are being turned down because there is no room for the thoroughbreds here and because the club has now sufficient horses located at the track to make the meeting a certain winner.

There is talk in town of a hay famine before long. The influx of horses at the race track has caused the run on the haystacks to be bigger than the stacks, and dealers are casting about for a means of supply. That there is a shortage here is not denied and that the shortage extends to the mainland is certain, as certain dealers are at their wits end to get hay supplies. Inquiry into the problem as to where the hay has gone uncover the purchase last year of all the available hay in British Columbia for Grand Trunk Pacific supplies along the new railway route where the G. T. P. camps are located. Immense quantities have gone out of the usual supply through the northern channel and the increased local demand caused by the influx of three hundred and sixty race horses has the result of practically a hay famine here. A wire was sent to a neighboring province for one thousand tons for immediate delivery at the end of last week, and one man who has hay located about one thousand miles distant is having it shipped in at top speed. Of the other commodities for horse feed there is said to be a plentiful supply.

NORTH WARD LACROSSE TEAM TO PLAY VICTORIA

Officers and Line-up Were Selected Last Night.

There will be a lacrosse game this evening at the Royal park ground between Victoria and North Ward teams. The North Ward club met last night and elected officers as follows:

President—Wm. Blake.
Captain—Joe Dakers.
Vice-captain—F. L. Sweeney.
Secretary—P. Cocker.
Committee men—A. McGregor and E. Brynjolfsson.

The team selected for to-night is as follows:
Goal—..... S. Humber.
Point—..... P. Sweeney.
Cover point—..... Dakers.
First defence—..... Phipps.
Second defence—..... Kelly.
Third defence—..... Hodgson.
Centre—..... J. Johnson.
Third home—..... J. Johnson.
Second home—..... L. McDonald.
Outside—..... D. Campbell.
Inside home—..... Dinadale and Mould.
Reserve defence—..... Blake, Cocker and Campbell.
Mascot—..... A. Balnes.
Coach—..... Harold Humber.

BASEBALL

JEFFRIES PLAYS BALL

Chicago, May 18.—Big Jim Jeffries is a member of the White Sox. He has affixed his name to a contract offered by Big Chief Comiskey, and for two weeks he will gambol about the south side enclosure in the uniform of a Chicago American.

The big fighter and Sam Berger appeared at the grounds on Monday and Jeff was established at first base while the team warmed up. Sullivan was catching, and as a joke he passed it to his crew to keep the big fellow busy. For ten minutes Jeff was occupied displaying Parents' law ones out of the dirt and leaping into the air to wing one of the manager-catcher's heaves. Jeff got "hep" and turned loose on Sullivan. The infielders followed his lead, and when the catcher wasn't keeping the pegs away from his shins he was chasing them to the grandstand. Jeff's fielding at first made a great hit with the fans.

CLOVERDALE BEAT CAPITALS.

The second game between Cloverdale and the Capitals, played last Sunday, was won by Cloverdale with seventeen in eight innings, to the Capitals' thirteen in nine. The batteries were: Cloverdale, Peters and Morrison; pitchers, Speed, catcher, Capitals: Whyte, pitcher, and Dunstan, catcher. The game was played on the Cloverdale diamond. The first game played the week previous resulted in a draw.

Rochester, May 18.—Scores were as follows:
Baltimore R. H. E.
Rochester 7 13 2
Batteries—Adkins and Byers; Boutles and Butler.

Feeding the Football Spectators in England

Enormous Preparations at the English Cup Final Last Month.

The English papers on the English football cup final, won April 24th by Manchester United from Bristol city, one to nil, gives the attendance at nearly 100,000, and referring to the catering arrangements for the day, says at the ground where the match was played there were thirty bars and refreshment booths and a number of dining rooms. Two of the latter would seat a thousand at a time, and tea and light refreshment rooms had a capacity of 3,000 at one time. There were over one thousand waiters in attendance and Messrs. Lyons, the caterers, prepared the following for the consumption of the hungry crowds: 60,000 slices of bread and butter, 20,000 rolls, 20,000 pats of butter, 10,000 loaves to cut sandwiches and bread and butter, 14,000 sandwiches, 3,600 pork pies, 50,000 pieces of cake, 10,000 buns, 10,000 scones, 5,000 pastries, 2,500 bottles of mineral water, 100 barrels of beer and stout, 2,000 bottles of whisky and other spirits, 1,000 gallons of milk, 1,200 pounds of tea and coffee, large quantities of cheese, 75 rumps of beef for steaks, 25 ribs of beef, 100 chins of mutton for chops, 200 fowls; a great number of sacks of potatoes, cauliflowers, cabbages, and other vegetables, also a very large selection of fish and other provisions.

CRACK YACHTS TO MEET FOR CONTEST

Alexandra and Spirit With One Win Each to Race on Saturday.

Next Saturday the interest of all yachtsmen in the Northwest Pacific will be centred on the contest to take place between the Alexandra and the Spirit. For the third year in succession these yachts will come together, but on this occasion the event will have nothing to do with the Alexandra cup.

In 1907 the Spirit defeated the Alexandra at Seattle in the first contest for the Alexandra cup. Last summer James Deane reversed the result and brought the silverware back to British Columbia by winning the series at the regatta held in July at Vancouver.

At the close of the season the Spirit was purchased by J. Dowler and C. W. McIntosh, and brought to Victoria, and they sent a challenge to Captain Deane for a race last fall. This was turned down as the Alexandra had come out of commission.

Victoria yachtsmen were very anxious to get the two crack yachts lined up again and their decision not to enter the Spirit for the 1909 series was regarded as very unorthodox. To get the boats together, however, they have offered a magnificent trophy and other inducements, including the cost of towing the Alexandra from Vancouver for the Empire Day celebration and so next Saturday the event will be brought off under the auspices of the Victoria Yacht Club, over a three leg course of ten and a half miles.

That the race has been arranged is a source of gratification to yachtsmen, for it will at all events give some indication as to which is the superior boat. As matters stand each has the credit of winning a series and the special race on Saturday will give the balance one way or the other. It is also satisfactory that the race is at Victoria. In the 1907 regatta Geary was at an advantage as regards knowledge of Sound tides. Last summer Captain Deane had the same advantage as regarded knowledge of currents in English Bay. Victoria presents not only neutral waters with less annoying tides and currents, but also gives prospects of more wind and so the race will be sailed under conditions which will give the yachts more favorable weather and a fair chance in a good breeze to once and for all settle the question of superiority.

THE RING.
PICKS HUDSON AS WINNER.

San Francisco, May 18.—Fighting \$1,000 to assure good faith, Billy Papke yesterday offered to bet \$2,500 that Chick Hudson, the Seattle lightweight, could beat Battling Nelson in a fight for the world's championship. "I've seen Nelson fight and I believe Hudson has it on him," said Papke. "When Nelson met Joe Gans last fourth of July he made a bungling fight against a man who was evidently all in, and was as stiff as a statue. I will leave this money up for ten days, so that Nelson may have ample time to cover it. Ten minutes' notice is all I need in which to furnish the balance of the wager, if Nelson accepts the proposition."

(See also page 7.)

HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and saving to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

\$50 Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

SPORTING NOTES

SELECT BOY'S CREWS
FOR MONDAY'S REGATTA

Rowing Organization Enters
Four Crews and
Singles.

The crews to row at the Gorge regatta Monday afternoon were selected last night. There are four of them. One and two will row in the first heat, three and four will row in the second heat and the winners of both heats will contest the final. The stroke of the winning boat at last Saturday's regatta, P. Lawson, is in charge of another boat, but has two different men in the crew to those who rowed behind him Saturday. The crews are:

Four—No. 1, P. Lawson (stroke), E. Strachan (2), O. Leigh (3), J. R. Davidson (bow). No. 2, J. McCarter (stroke), W. Furnell (3), W. G. Frye (2), O. F. Sammers (bow). No. 3, H. Hiseocks (stroke), W. W. Loring (3), J. R. Claxton (2), E. A. Hiseocks (bow). No. 4, F. Hopgood (stroke), J. Sweeney (3), J. C. Newmarch (2), T. H. Bailey (bow).

Singles—G. Chingrimes, W. Lawson and W. N. Kennedy.

HIS NERVES WEAK

POOR MEMORY, LACKED VIGOR,
LOST EMPLOYMENT.

Another Case Proving You Quickly
Get Bracing Health From Ferrozone.

There's a real reason why Ferrozone cures.

It's a true nerve tonic—not a stimulant—it feeds the nerves with nourishment—gives them vital actual activity.

No other tonic in the world like Ferrozone, nothing else is so quick and lasting in its effects on a run-down, nervous system.

"I used enough medicine to appreciate an honest one," writes J. B. Beattie, from his home in Newcastle.

"From babyhood I was not overly strong and was always nervous. I smoked a good deal, but on the whole my habits were good. My trouble first began with a shortening of the hours of sleep. I would awaken too early, my appetite was poor, and to whip it up I used highly spiced and sweet foods. First thing I knew I had palpitation on doing a little extra work, and then an awful tiredness came upon me, and a strange feeling of dread—almost of fear—made me think I was losing grip of myself. My power of memory weakened and I lost my position. Then I read about Ferrozone. Say, it's awfully good to get a medicine that helps you right off. I don't mind telling you I was badly scared, and every dose was almost like sunshine. At once I began to feel better, and permanently better. I really was, for less than a dozen boxes made me a well man. Now I can do my work with any man and I am grateful to Ferrozone."

Ferrozone corrects all enfeebled conditions of the system, builds up and gives the body great resistive power against disease. To use Ferrozone assures lasting robust health. Fifty cents per box or six boxes for \$2.50, at all dealers. Try Ferrozone, do it to-day.

Water freezes every night throughout the year at Alto, Colorado, in Bolivia, and at Monday the sun is not enough, to cause actual suffering.

DATE ALTERED FOR
BOXING CHAMPIONSHIPS

Local Boxers Will Decide Four
Round Bouts Wednesday.

The British Columbia amateur boxing championships have been postponed for Saturday night have been postponed till the following Wednesday, when the bouts will probably be pulled off in the A.O.U.W. hall. The entries for hand cover only local boys.

For some reason the outside boxers have not taken to the plan of coming here to box for the British Columbia amateur championships. Many mat-hug boxers are busy at Vancouver and Seattle that day, and it is thought that they may come over here to box if the date was extended.

Among local entries are Hill and Bailey in the 115 class, writers are Harrison and Saunders, while another so will be between Thompson and Burgess of the J.B.A.A. To make the championships a success more entries are needed, which may come from the mainland later.

BASEBALL

BUTLER JOINS OUTLAW CLUB.

(Times Leased Wire.)

Tacoma, Wash., May 18.—Like Butler, pitcher for the local Northwestern team, has jumped to the Santa Cruz, Cal., outlaw club. He packed up and left on an afternoon train for California yesterday afternoon. Butler led the Tacoma pitchers last season. Steps will be taken by the Tacoma management to have Butler blacklisted, it is said.

Practice To-Night.

The North Ward senior and intermediate nines will practice to-night at the North Ward park. The play will commence at 6 o'clock. All members of both teams are asked to be on the ground sharp on time.

THE RING.

KETCHEL DEFEATS MCGANN.

(Times Leased Wire.)

Pittsburg, May 19.—Stanley Ketchel, champion middleweight of the world, administered a terrific beating to Hugh McGann in a six-round bout here last night. In the last round McGann was saved from a knockout by the gong.

He was knocked through the ropes twice. Ketchel apparently could have put his man out at any stage of the bout had he extended himself.

The royal crown of Roumania is made of bronze, the metal having once done service in the shape of cannons. Samples from sixty-two war-torn guns, each of which has been captured from some enemy, are included in the make-up of this royal insignia.

SPUR LINE FOR
BOUNDARY CAMP

Another Mine Will Shortly Be
Added to the Shipping
List.

Phoenix, May 18.—The efforts of the British Columbia Copper Company to secure shipping facilities for its recently acquired Jackpot mine in Wellington camp, are about to receive tangible recognition from the Canadian Pacific railway, and in the course of a few months the Jackpot should be on the shipping list.

H. B. Walkem, assistant division engineer of the C. P. R., has arrived with a crew of surveyors and commenced the work of running a line for a new branch of the C. P. R.

The proposed new railway will be about twelve miles in length, branching from the C. P. R. main line about two miles below Hartford Junction, and running through Wellington camp, then south to Central camp, and over the international boundary to the B. C. Copper Company's Lone Star mine in Washington state.

The grading for trackage to the B. C. Copper Company's Jackpot mine, in Wellington camp, will be commenced as soon as the engineer has located the route, for which it is understood W. P. Tierney & Co. have already been awarded the contract.

There are some 75,000 tons of ore on the dump at the Jackpot, and as the ore is of good grade the B. C. Copper Company is anxious to commence shipping as soon as operations resume at the smelter.

The surveyors will also run a line to the No. 7 mine, Central camp, and to the Lone Star in Washington. It is stated that comparatively easy grades can be secured and that there are some 200,000 tons of ore in sight at the No. 7, while the Lone Star has been a regular shipper to the Greenwood smelter, but on account of the ore having to be handled by two railways the shipping expense ran too high. Under this plan the C. P. R. would handle all the ore from the three mines via Rholt.

WINNIPEG MAN CURED
OF RHEUMATISM

Remarkable Case of Cure After Specialists Failed.

Winnipeg, Man.—A prominent resident of this city, who for personal reasons does not wish his name mentioned publicly, but who permits us to show his letter to interested enquirers, writes to say that he was suddenly taken with excruciating pains in the back and side, which were pronounced by his physicians as Rheumatism. Hot applications were at once resorted to, the usual medicines administered, supplemented by electrical treatment, but all to no purpose. In his desperation he took Glin Pills on his own account, and in a few hours after taking the first pill the pains commenced to subside. He continued taking them and in 48 hours he had not an ache or a pain left.

Glin Pills are sold at 50c a box—6 for \$2.50. Send to us if your dealer does not handle them.

Dept. V. T. National Drug & Chemical Co., Limited, Toronto. 116

ENTERED PLEA OF GUILTY.

Owner of North Vancouver Park Fined for Violation of Lord's Day Act.

North Vancouver, May 18.—A. J. Picton-Warlow, proprietor of the grounds on which a Sunday baseball game was played two weeks ago, surprised the few spectators present to-day in Magistrate Kealy's court by entering a plea of guilty to a charge laid under the Lord's Day Act. The court proceedings lasted but a moment. A fine of \$5 was imposed. Mr. Picton-Warlow paid without comment.

A meeting of the Ratepayers' Association last night was notable chiefly for its brevity. Ald. Dick said the business to be considered was strictly confined to the question of whether a plebiscite should or should not be taken on the Sunday ball question. O. H. Moyden was in the chair. Percy Webster, the vice-president, immediately introduced a resolution that as the case of Mr. Picton-Warlow was still before the court any discussion of the case at this time would be prejudicial to law and order. This resolution passed, and in a moment the meeting had adjourned, much to the disgust of Mr. Picton-Warlow, who declared with some heat that the discussion had been evaded through a "miserable quibble." He declared that he would call a public meeting of citizens to be held next Thursday night, when he believed that the result would show a feeling in favor of the Sunday ball games.

So far as the baseball club is concerned, it is stated that no further attempt will be made by the management to play Sunday ball games in Vancouver or its vicinity.

KING LEOPOLD'S PICTURES.

Brussels, May 19.—The matter of the sale of King Leopold's collection of pictures and works of art came up in the Chamber of Deputies yesterday. In reply to a question by Deputy Vandereldt, the Socialist leader, Baron Deschamps, minister of state, said that the government was not able to interfere in the direction of acquiring the collections.

Deputy Vanderveldt then intimated that he would transform his question into an interpellation "into the scandal of the King's sale of pictures to American meat packers."

It is now stated that King Leopold is also selling the Egyptian antiquities presented by Ismael Pasha in 1854, an illustrated catalogue of which was circulated in the United States. The newspapers express great indignation at the sale, which they declare will realize \$2,000,000, and this sum, they allege, will be settled on a son born out of wedlock.

The monks at the hospital of St. Jean de Dieu, at Ghent, have in their leisure moments decorated the walls with gorgeous landscapes, glowing with color and full of life, formed entirely by means of the postage stamps of all the nations of the world.

25 LOTS LEFT

—IN—

"BURLEITH PARK"

Among these are seven beautiful sites on Craigflower Road, lying immediately behind the great stone wall that fronts the property.

You may not know that these lots are all from three to four feet higher than the street level, and that the wall will be an actual necessity when building on them commences. The top of the wall will be only a foot or two above your lawn. These are 50x120 feet. The corner lots will sell at \$800 each, the others at \$750.

The meadow and garden have cut up into beautiful stuff. Needless to say the soil is splendid. No finer building property is available anywhere. They are priced at \$700 each. Waterfront lots have been in great demand.

We have two of these at \$1,950 each. They are beauties and delightfully situated. They are the equal of anything in the Park. If you want one, see us about it at once.

AIDS TO NAVIGATION
AT PRINCE RUPERT

Some of the Buoys That Will Be Put in Place at Once.

Instructions have been received at the agency of marine that the following buoys will be established on the arrival of the ship and light house tender at Prince Rupert, for which port the vessel leaves to-morrow (19th May):
Two red conical buoys on Kitson Bank, Prince Rupert harbor, one to mark the southwest corner and one to mark the

northwest corner of the west ledge of Kitson Bank.
Two black spar buoys on the west extreme of the Three Fathoms Line entering Porpoise harbor channel, Prince Rupert, and one black spar buoy at the turning point on the rock drying nine feet. A notice to mariners will be issued when the buoys are in position.
Change from beacon to buoy at Grassy Spit, Baynes Sound.
A can buoy, painted black, will be established as soon as practicable near the position of the Grassy Spit beacon, which disappeared during the late winter months. This change will be made without further notice.

Stern wheel steamer R. P. Rithet is no more, the vessel leaving been christened the Baramba. The ceremony took place a couple of days ago in Vancouver.

GOVERNOR TO ATTEND
OPENING OF EXPOSITION

Steam Yacht Dolaura Will Carry Large Party to Seattle.

Steam yacht Dolaura will carry His Honor Lieutenant-Governor James Dunsmuir and a large party to Seattle to take part in the opening of the Alaska-Yukon exhibition on June 1st. The yacht is expected to leave tomorrow for Comox, taking His Honor on a visit to the mines at that place. She will then take in a good stock of coal and will be in readiness to go over to the Sound for the exhibition. It is probable that she will remain in Seattle harbor for several days, giving the party an opportunity to do the exhibition properly.

MANY CHINESE
PAY HEAD TAX

Treasury Enriched to Extent of \$27,500 From Arrivals on Ning Chow.

An unusually large number of Chinese paid the head tax on entering the province this week from those who came across the Pacific on the steamer Ning Chow. The arrivals have not all been examined yet, but so far no less than \$5 have paid, enriching the treasury to the extent of \$27,500.

The amount of the head tax is paid into the hands of the steamship company before the vessel leaves Hongkong, and also a sufficient sum to cover the cost of a return passage in case the men are refused admission.

Sons and wives of merchants residing here are allowed in free, and it takes some ingenuity on the part of the local officials to detect frauds. The system adopted is very stringent, however, and there is very little possibility of men or boys getting through by making false statements. A good many are returned through not being able to qualify.

I GUARANTEE CURE
FOR LIVER ILLS

Is your liver sulky?
Is it sluggish and torpid?
If so, my Pills of Mandrake and Butternut will cure you.

I am sure of this because in the worst case they have been eminently successful.

You see, my pills are composed of the juices and extracts of dandelion, hyocymus, mandrake and other vegetable elements that I know by experience will assist nature in establishing liver activity.

In recommending Dr. Hamilton's Pills I am speaking of a remedy that is always efficient in ill of the liver, kidneys and bowels.

Take one or two pills before you retire.

In the morning you'll feel like new. No coating on your tongue, no headache, no pain in the back or limbs—you'll feel brisk and ready for a hearty breakfast.

You'll digest your breakfast too, because Dr. Hamilton's Pills are unusually good for the stomach; give it tone and strength.

Think it over.

My guarantee says every trace of liver and kidney sickness is cured by Dr. Hamilton's Pills.

As a health-giving tonic laxative, nothing can give better results.

For safety, thorough cure and happy, robust health, use Dr. Hamilton's Pills.

Sold in yellow boxes, 25c each or five for \$1.00. Beware of substitutes.

STEAMER EARL GREY
FOR ICE BREAKING

New Vessel to Break Ice Fifteen Feet in Thickness.

The ice-breaking steamship constructed for the Dominion government by Vickers, Sons & Maxim, Ltd., London, for the winter navigation of Northumberland strait, between Prince Edward Island and the mainland, is to be delivered this month. The contract price for this vessel was \$103,000.

The specifications provide for a twin-screw mail and passenger steamship, having the following principal dimensions: Length over all, 279 ft. 6 in.; breadth moulded, 46 ft.; depth to upper deck, 19 ft.; upper deck to promenade deck, 7 ft. 9 in.; least draught, mean, 18 ft.; indicated horsepower, 6,000; dead weight on 15 ft draught, 600 tons.

The vessel was built and engineered under Lloyd's special survey, and is classed 100A1 at Lloyd's two deck rule, with water ballast and double bottom, fore and aft, and will comply with all the board of trade requirements for passenger service. The hull is of steel, with special strengthening to fit her for the service for which she is designed. She has a cut water stem of elliptical form, and is fitted with nine watertight bulkheads, two steel masts, and a short bowsprit.

Three life boats, a cutter, gig and dinghy are provided with all necessary appliances, and in every other department the appliances are of the latest and most approved pattern. The vessel is heated throughout with steam and lighted with electricity, a searchlight 24 inches in diameter and of 25,000 candle power being placed on the foremast.

The contractors have to give a guarantee that the vessel is sufficiently strong and capable of dealing with drift ice fields 15 ft. in thickness. The vessel will be named Earl Grey.

Steamer Queen of the Pacific Coast Steamship Company, is due to arrive here Friday morning with 70 tons of freight from San Francisco. The City of Puebla is late in leaving. She is expected to call here this afternoon at 8 o'clock, bound out.

Blue Funnel liner Butterfield is expected to leave for Liverpool via the Orient this afternoon about 4 o'clock.

W. Drysdale's launch went ashore last night near the end of Menzies street.

OPTIMISM IN
EASTERN CANADA

A. H. MITCHELL IS BACK FROM TRIP

He Found Very Hopeful Feeling Throughout the Dominion.

Having returned from a trip to England, Europe and the principal Canadian and American cities, extending over three months, A. H. Mitchell, of the firm of Chalmers and Mitchell, is optimistic for the future of Victoria. An absence of three months, he says, has made many changes here. Yesterday an auto drive surprised him by the great increase in building in all the suburbs, while the activity in city property he commented on as an argument that Victoria for its size can safely be classed as one of the soundest and most progressive cities of Canada.

The eastern cities, however, he says, have a big year ahead of them, and the whole of Canada should enjoy prosperity provided the present crop is good. On the way across Canada, three months ago, merchants were not so optimistic, but on his return journey he learned that the spring has opened well and better than was expected three months ago. In New York money was cheap and plentiful, but on the whole Canada was more prosperous and in a better financial condition. The general prosperity that is evident will therefore tend towards a greater tourist travel for this summer than for several years. As the firm does considerable business with tourists, the travelling indications are one of the points to which the firm's representative gives particular attention. Victoria, therefore, he says, can look this summer for a largely increased tourist travel, even outside that which can be counted upon from the A.-Y.-P. fair and the Victoria races.

While last year was a bad year in all securities, in American cities, Mr. Mitchell found that diamonds had remained at their top value, and that the price was not affected. In Europe he found general complaints of trade conditions. Neither in England nor the United States did he find such good trade conditions as in Canada.

Mr. Mitchell says that during his absence a considerable proportion of his time was devoted to a study of the optical business in its relation to the jewellery business. The general opinion among the leading jewellers of the east is that the only way to conduct an optical business is to place it upon the highest possible plane. Acting upon this conviction Mr. Mitchell announces that he has secured S. Bering, of Toronto, to manage this department of their business.

Mr. Bering, who was, until recently, in charge of Ryrie Bros' optical department, is now managing an exclusive optical business in Toronto, and comes to Victoria with the highest possible recommendation. To quote the words of J. C. Williams, one of Toronto's leading optical men, Mr. Bering is "the best optician in Canada." There can be no better testimony than that men of his own profession should accord this man the premier position in his calling.

This very satisfactory arrangement of an important matter has, Mr. Mitchell says, given his firm much gratification.

The optical business is a necessary and natural adjunct to the best jewellery business, but the time is passed when it can be run simply as a convenience or in anything approaching a slipshod manner. It must be (and in this case shall be) accorded its rightful place. The men with brief courses in optical colleges must give place to the capable scientist. The firm of Chalmers & Mitchell have not hesitated to go to the necessary expense to reach the highest degree of efficiency in this department, feeling as they do that the public of Victoria demand services equal to those of the larger eastern cities, and will welcome the announcement of this important departure in their business.

SHIPPING REPORT

By Dominion Wireless.

Tatoosh, May 19, a.m. Part cloudy; wind west 18 miles; bar, 30.17; temp, 43; sea moderate; passed in, schooner Okanagan at 6.15 p.m.; passed out, steam schooner Shasta at 5.25 a.m.

Etevan, May 19, 8 a.m. Cloudy; calm; bar, 30.16; temp, 45; sea moderate.

Cape Lazo, May 19, 8 a.m. Clear; wind N.W.; bar, 30.03; temp, 50; sea smooth.

Point Grey, May 19, 8 a.m. Overcast; calm; bar, 29.98; temp, 49.

Cape Lazo, May 19, noon. Clear; wind S.E.; bar, 30.05; temp, 58; sea moderate.

Point Grey, May 19, noon. Clear; wind S.W.; bar, 30.03; temp, 52.

Tatoosh, May 19, noon. Cloudy; wind west 26 miles; bar, 30.20; temp, 46; sea moderate.

Etevan, May 19, noon. Parting showers; calm; bar, 30.19; temp, 48; sea moderate.

Pachena, May 19, noon. Clear; wind S.W.; bar, 30.07; temp, 47; sea moderate.

The new buoy which is being installed by the Dominion government in the Gorge must be kept on the right by launches passing up.

Blue Funnel liner Butterfield is expected to leave for Liverpool via the Orient this afternoon about 4 o'clock.

W. Drysdale's launch went ashore last night near the end of Menzies street.

WEATHER BULLETIN.
Daily Report Furnished by the Victoria Meteorological Department.

Victoria, May 19, 5 a.m.—As the barometer is low between the ranges and high along the Coast, strong westerly winds have prevailed on the Straits and Sound. Showers have occurred on the Washington coast and on the Lower Mainland. The weather in Alberta is fair, with light frosts at night, and showers are reported in Saskatchewan.

Forecasts.
For 24 hours ending 5 p.m. Thursday.
Victoria and vicinity—Fresh to strong westerly winds, generally fair, not much change in temperature.

Lower Mainland—Westerly and southerly winds, moderate to fresh on the Gulf, generally fair, not much change in temperature.

Reports.
Victoria—Barometer, 30.11; temperature, 43; minimum, 42; wind, 16 miles S.W.; weather, clear.

New Westminster—Barometer, 30.10; temperature, 42; minimum, 42; wind, calm; rain, .12; weather, cloudy.

Kamloops—Barometer, 29.90; temperature, 52; minimum, 50; wind, 10 miles S.E.; weather, cloudy.

San Francisco—Barometer, 29.94; temperature, 48; minimum, 48; wind, 6 miles S.W.; weather, clear.

Edmonton—Barometer, 30.62; temperature, 20; minimum, 20; wind, calm; weather, cloudy.

NEW LAUNCH.
Another launch has been added to the local fleet of these small craft in the name of Chalm. This boat is a handsome little craft and was constructed by H. Bragg and G. Salloway. She is built according to the Pioneer plans, and has the whaleback stern. The launch is 18 ft. 6 in. over all, with a 5 ft. beam. She is fitted with a 4 horse-power engine, made by Hutchinson Bros., and develops a speed of about 8 knots. She will be a good addition to the local fleet, being a pretty little boat and a credit to her builders. Her inside fittings are up-to-date in every way.

PROGRAMME FOR CELEBRATION

LIST OF EVENTS COMMENCING FRIDAY

Demonstration This Year Will Be of Varied Character.

The official programme of the Victoria celebration committee has been issued. The celebrations will commence Friday night, May 21st, with a naval and military display at the drill hall and conclude Tuesday afternoon with the baseball game at the Royal Athletic ground between the Victoria and Multnomah nines. The big events of the celebrations are the regatta, which takes place Monday, the triple header of baseball, and the yacht race next Saturday morning between the Spirit and Alexandra. Saturday afternoon in addition to the ball game there are school sports at Oak Bay. Monday morning the Maple Leafs lacrosse team will play Victoria at the Royal park. The full programme is as follows:

FRIDAY, MAY 21.
Naval and military display at drill hall, 8.15 p. m. Doors open at 7.45 p. m. Admission, galleries 25c, arena 50c, reserved seats 75c. Selections by band of the Fifth regiment, C. G. A. exhibition of physical drill with arms to music, bayonet exercise, etc., concluding with grand tableaux "Forces of the Empire," "God Save the King."

SATURDAY, MAY 22.
10.30 a. m.—Yacht race—Alexandra (Vancouver) vs. Spirit (Victoria), for Victoria Citizens' cup, under auspices of the Victoria Yacht Club.

The course—From a point off the outer wharf to a mark at Albert Head, thence to a mark on Constance bank (due south of Clever point), and thence back to the starting point. A distance of about three and a half miles each

leg. Time limit, three and a half hours. Naval and military drill to be repeated at drill hall at 8.15.

2 p. m.—School field sports at Oak Bay park. Open to pupils of public and private schools in the city.

TUESDAY, MAY 25.
Third and final ball game between Victoria and Multnomah nine of Portland at Royal park.

6 p. m.—Lacrosse match between Victoria West and Maple Leafs (Vancouver), at Royal Athletic park.

U. S. SENATE ADOPTS NEW DUTIES ON ZINC

Conference Between Producers and Smeltersmen Results in Change.

Washington, May 19.—After considering for nearly two weeks the controversy between zinc producers and the smelters the senate committee on finance yesterday decided to redraft the two paragraphs of the tariff bill fixing duties on zinc ore and pig zinc.

The amendments were completed and later in the day introduced in the senate by Senator Smoot. Instead of making zinc ore and calamine dutiable at one cent per pound on the zinc contained therein, the different qualities of ore, according to the amount of zinc they contain, are assessed proportionately. Zinc-bearing ore containing less than 20 per cent. of zinc is dutiable at a quarter of a cent a pound of the zinc

it contains; containing more than 20 and less than 25 per cent. of zinc, half a cent; between 25 per cent. and 30 per cent., three-quarters of a cent; and more than 30 per cent., one cent per pound. This amendment proposes a considerable reduction over the rate as established by the house, as reported originally from the senate committee on finance.

The rate on zinc in blocks or pigs is increased from one and a quarter to one and a half cents, and in sheets coated, plated with nickel or metal or solution, from one and a half to one and three-quarters cents. Old and worn out zinc, only to be manufactured, is made dutiable at one cent a pound.

Senator Smoot will introduce an amendment which has the endorsement of the committee, redrafting the paragraph relating to cement. Instead of an ad valorem rate of 35 per cent. on Keene's cement or other cement of which gypsum is the component material of chief value, standards and values are fixed as follows: If valued at \$15 per ton or less, \$5 per ton; if valued at over \$15 and not above \$30 a ton, \$10, and if valued at over \$30, the duty is fixed at \$14.

SUDDEN DEATH.
Seattle, Wash., May 18, Phillip F. Kelley, identified with many business enterprises, and a prominent club man of Seattle, died at his home here to-day of Addison's disease.

He was stricken yesterday afternoon. Up until then he had appeared to be in perfect health. Addison's disease is very rare, and it is believed that this is the first case to appear in Seattle.

NEW YORK MARKET.

Report of Death of H. H. Rogers Caused
Decline in Shares at Opening.

New York, May 19.—The report of the death of H. H. Rogers, of the Standard Oil Company, caused a general decline in stock market shares at the opening, but the closing was in most instances a fraction or two higher than yesterday.

Amalgamated Copper was principally affected by the report, shares showing an initial loss of over a point, all but a

fraction of which was recovered later in the session.

The April report of the Baltimore & Ohio railroad, showing increased earnings, was a big factor toward causing the rally which appeared in the market shortly after the opening, and which put the general list above the closing of yesterday.

Colorado Fuel and Iron advanced 3, and Great Northern, preferred, an equal sum, Pennsylvania, advanced 1/2, although Street common, with much professional buying, advanced only points above yesterday.

day. Harriman shares were active, with Union Pacific 1/2 higher and Southern Pacific 1/2 point above yesterday.

A fire broke out this morning at the residence of H. B. Pollock 2310 Richmond avenue resulting in part of the premises being destroyed and damage to the extent of \$50. The brigade was called from the Chestnut street alarm but the fire had a good hold when the brigade arrived. The blaze however was soon subdued.

REV. J. M. MILLAR IS LEAVING

PRESBYTERY SANCTIONS
CALL TO STRATHCONA

Nanaimo Pastor Leaves With
Best Wishes of Congregation.

Last evening at a meeting of the Presbytery of Victoria, held in Knox church, Spring Ridge, a call to Rev. J. M. Millar, B. D., of Nanaimo, from Knox church, Strathcona, Alberta, was considered. The call offered a salary of \$1,500 a year, a free manse and four weeks' holiday.

The Presbytery of Edmonton was represented by Rev. W. L. Clay in support of the call, who read the reasons sent him why Mr. Millar's translation should be granted.

The congregation of St. Andrew's church, Nanaimo, was represented by Messrs. A. Warwick, J. W. Coburn, J. A. McDonald and H. Shepherd. They all spoke in the highest terms of praise of Mr. Millar as pastor of their congregation and as a citizen of Nanaimo, pointing out the splendid work he did during the six and a half years he has been with them. While they all greatly regretted losing their minister, in view of the prospects of a much wider sphere of usefulness at Strathcona, which is a university city, they could not, for Mr. Millar's own sake, oppose the translation.

All the members of the Presbytery expressed their high esteem of Mr. Millar as a member of the Presbytery, and passed a motion expressive of their appreciation of him as a man and minister of the Gospel.

Dr. Campbell placed the call in his hand, and in suitable, chaste and elegant language Mr. Millar declared his acceptance of it as the course to which duty pointed, at the same time expressing his sorrow in leaving his congregation at Nanaimo, and severing his relation with the brethren of the Presbytery of Victoria.

Dr. Campbell was appointed moderator of the session of the Nanaimo congregation, whose pulpit is to be declared vacant on June 27th.

SUES BANK FOR NOT PAYING UP PROMPTLY

Woes of a Traveller Whose
Cable for Funds Was Not Understood.

Having had a holiday in Japan cut short for want of the money safely reposing in a Victoria bank, and having suffered, as he says, a certain amount of ignominy when the funds did not arrive, Louis Greenwald is today suing the Canadian Bank of Commerce for \$3,000 damages. The case is being heard by Judge Young in the County court, and by the following jury: C. M. Cookson (foreman), A. Cook, R. A. C. Dewar, R. C. Janion and P. O. Dickinson.

J. A. Alkman, acting for the plaintiff and J. H. Lawson, Jr., for the bank. The plaintiff said he had deposited a large cheque with the bank on January 31st last, leaving \$300 on deposit, and stating that while absent on a prospective trip he might require to wire for funds, being assured this would be all right. On February 3rd, in Yokohama, he obtained identification with the Shanghai and Hongkong Banking Corporation, which called for \$300 through its San Francisco branch. That office wired Victoria that a transfer of \$300 gold to the Shanghai and Hongkong bank "is required for Greenwald." The reply by mail was that this message conveyed no meaning to the bank here. A subsequent cable, giving the date of Greenwald's deposit, brought the money some seventeen days after he had first cabled for it.

The bank's defence is that the money was sent as soon as an intelligible message was received, that the first message was not intelligible and that at no time did the bank state that Greenwald was known. From the letters and cables put in it appears that the "Prisco" branch, on receiving a written reply from Victoria that its message conveyed no meaning, cabled Yokohama: "Greenwald not known Bank of Commerce." Letters on the bank here asked how the "Prisco" bank got this idea, and he replied that the letter was capable of several interpretations, such as that Greenwald was not known or had no account here.

Mr. Lawson asked for a non-suit on the ground that the bank was not compelled to pay any money out on the telegram first received.

His Honor held with him and discharged the jury, there being nothing to go to them.

From remarks dropped by Mr. Alkman in the course of his argument there is little to be seen of the full case.

ALASKA MERCHANT SLAIN.

Shot Dead by Bartender Who is Now Closely Guarded in Jail.

Cordova, Alaska, May 18.—T. R. Carpenter, a prominent business man, was shot and killed in the doorway of the McCormack hotel here last night by J. W. MacNamara, a bartender, formerly of Seattle. The bullet severed Carpenter's jugular vein and he died in a few minutes. An extra guard of deputies has been placed over MacNamara at the jail to prevent any attempt at lynching.

To furnish a room in St. Joseph's hospital, the raffle of the oil painting takes place Saturday, May 22nd at 8 p.m., at the Capital Furniture company. All those who have kindly taken tickets to sell, are asked to return the tickets or money before 12 noon on Saturday, to 725 Courtney street.

George Scott, of Banfield cable station, is a guest at the Dominion hotel.

MAGISTRATE JAY WAS RIGHT IN ADJOURNING

Supreme Court Refused Mandamus to Compel Action in Chinese Lottery Cases.

That a magistrate may remand an accused person as often as necessary for the taking of evidence and the consideration of the case, so long as he is acting bona fide in the interests of justice, was laid down by Mr. Justice Irving this morning in refusing a mandamus to compel Police Magistrate Jay to act at once in the fourteen Chinese lottery cases, which are still on the police court calendar.

J. A. Alkman, in support of his motion for a writ, said that two cases had already been committed for trial on exactly the same evidence as already taken in the other fourteen. The prosecution asked for the adjournment in order to produce a white witness on Chinese lotteries who was not yet within the jurisdiction of the province. He contended that it was not British justice to hold defendants indefinitely without either committing or discharging them, when there was as much of a prima facie case against them as others.

H. W. R. Moore, city prosecutor, read an affidavit from the magistrate, showing that he was acting properly, and relied on decisions that matters of adjournment were in the discretion of the magistrate, and on one refusing a mandamus where a magistrate had adjourned cases pending a test case. His lordship, in discharging the rule nisi, said that in the first place he did not think it was competent for that court to make a mandatory order directing the magistrate to find a case made out against accused and send him up for trial. It was a matter for the discretion of the magistrate whether a case was made out or not, and the higher courts should not interfere in a case in which the magistrate had jurisdiction and was acting bona fide, as the court was satisfied he was here. After reviewing the steps in the proceedings so far his lordship said:

"The duty of the magistrate is to take and complete the examination of all concerned and to discharge or convict the suspected persons as soon as the nature of the case will permit, but he is allowed a reasonable time for this purpose before he makes his final decision. It was at one time supposed he could not detain a party over 16 or 20 days after examination, but there is no precise limit to the time, which depends on the circumstances of each case."

OMINECA TO BE LAUNCHED TO-MORROW

First of Foley, Welsh & Stewart Fleet Ready for Water.

Early to-morrow morning the Skeena river steamer, building for Foley, Welsh & Stewart, will be launched in the upper harbor. The steamer is being constructed at the yards of the Cameron Lumber Company.

It is now ready for launching, and will take the water at an early hour to-morrow morning.

The steamer will be christened the Omineca, little Miss Cumine breaking the champagne on the bows. The machinery will be installed at once, when she will leave for the Skeena.

The G. T. R. steamers also building under Capt. G. R. Johnson will not be ready for launching for a week or two.

ROCKLAND PARK SALE.

Lots Are Moving Rapidly. More Than Half Being Already Disposed Of.

The five days' rush sale of lots in Rockland Park, advertised in Monday's Times by L. W. Rick, has already proved a success. Although the sale did not begin till yesterday morning, at noon to-day more than half of the forty lots offered had been disposed of. The property is one of very even values and the remaining eighteen lots are practically as good as any that have been sold. The probabilities are strong that all will be snapped up before the close of the sale on Saturday evening.

The funeral of the late Mrs. Ellen Davidson, beloved wife of Robert Davidson, 821 Caledonia avenue, took place this afternoon at 2:15 o'clock from the Hanna chapel, Yates street, and at 2:30 o'clock from the St. Barnabas church, Cook street. Rev. E. G. Miller conducted the services at the church and graveside. There was a large attendance of sympathizing friends. The following floral tributes were sent which showed the esteem in which the deceased was held: Wreaths, employees of Lemon & Gonnason Mill; Mr. and Mrs. Greenagh, Miss Gough, Mr. and Mrs. Moss and J. Madden; sprays, Capt. and Mrs. W. Cox, Miss Garmham, Miss Denny, Mr. and Mrs. C. Post, A. A. Oliver, Miss Lounds, Mr. and Mrs. W. McIlroy; cross, Miss Davidson's school teacher and classmates. The following acted as pallbearers: W. H. Price, T. Gough, G. Penkoth, J. Madden, A. Gonnason and W. Haynes.

George Scott, of Banfield cable station, is a guest at the Dominion hotel.

THE IMP SOOT DESTROYER

The IMP 'Soot Destroyer' is a patent chemical composition. When it is placed unopened on a bright, hot fire it gives off hot chemical fumes. These fumes attack the soot in the chimney and disintegrate and disperse it, and extinguish it if on fire.

No cleaning up afterwards. No dirt. No dust. No smell. No mess. No covering up furniture. Manufactured by Gourmet & Co., London, England. Sold by Grocers and Hardware Men.

CONFERENCE ON IMPERIAL DEFENCE

Sir Wilfrid Laurier Brings
Down Correspondence Regarding Matter.

(Special to the Times.)

Ottawa, May 19.—Parliament was prorogued by His Excellency Lord Grey this afternoon with the usual pomp and circumstance after a session of just four months, one of the shortest in many years.

The royal assent was given to 161 bills, of which 40 were government measures.

The chief feature of the session, which, in the matter of legislation, has been comparatively uneventful, was the debate on the question of imperial defence, resulting in the unanimous decision of parliament to begin construction of a Canadian navy.

At the concluding sitting this morning Sir Wilfrid Laurier brought down the correspondence with the imperial government relative to the coming conference at London between overseas ministers and the admiralty. The premier said the conference would take place in July and would be purely advisory, the Canadian representatives, Hon. L. P. Brodeur and Sir Frederick Borden, not being bound by any decision reached by the other members of the conference.

TELEPHONES WIFE, THEN ENDS HIS LIFE

Seattle Man, Desperate Over
Debts, Puts Bullet Into
Brain.

Seattle, Wash., May 19.—With a bullet through his brain, the body of Samuel E. Hughes, 40 years old, an inspector in the employ of the city lighting department, was found last night in the office of the department, 115 Prefontaine place, William Muncester, the janitor, stumbled over the body when he was cleaning up the place shortly after 9 o'clock.

Hughes left his home, 16 Erie avenue, at 6 o'clock in the evening. Two hours later he telephoned his wife that he had decided to end it all. He said he was about to kill himself, said good-bye to his wife and hung up the telephone. He had placed the muzzle of the weapon in his mouth. The bullet entered the brain.

His wife had been ill for the past six months. The expense was heavy for the inspector and he had been unable to meet some of his bills. He worried about the matter so much that it affected his mind.

MAN KILLED BY CAVE-IN OF CLAY

Two Others Sustain Injuries
and Are Removed to
Hospital.

(Times Local Wire.)

Seattle, Wash., May 19.—One man was killed and two seriously injured when several tons of hard pan clay caved in at Fourth avenue and Spring street to-day.

Ole Harted had his head crushed and died in a few minutes.

Peter Kostonabee sustained a severely crushed foot, and Steve Miki was internally injured. His condition is regarded as critical. Both injured laborers were taken to the Seattle general hospital.

The men were working beneath a raised residence when, without warning, several tons of clay crushed them to the ground.

FOUR PERISH.

Ottawa, May 19.—By the upsetting of a boat in the Petawawa river yesterday Thomas Day, of St. Regis, Que.; John Jackson, J. Lazare and an unknown man from Ogdensburg, N. Y., who were on their way to a lumber camp, were drowned.

The funeral of the late David Hapdel Westwood took place yesterday afternoon from the residence of Mr. M. T. Westwood, East Wellington, to the Nanaimo cemetery, Rev. Mr. Simonds conducting services at the home and graveside.

BULB-GROWING INDUSTRY.

R. W. Bryant, the village schoolmaster of Terrington St. Clements, near King's Lynn, Eng., whose death is announced, introduced the bulb-growing industry into Norfolk from the Hartzel dunes. As a result of his enterprise the whole neighborhood has become one magnificent flower garden.

PLAQUE OF ADDERS.

Amnatatua, a little town about ten miles from Arday, Ross-shire, is suffering from a plague of adders. In a single day as many as seventeen have been killed.

DIED.

McNAUGHTON.—At the residence of his daughter, Mrs. W. A. Spofford, 182 Pembroke street, Duncan McNaughton, a native of Glasgow, Scotland, aged 90 years.

The funeral will take place from the above address on Thursday, May 20th, at 2:30 p.m. Friends will please accept this intimation. (North Sydney Herald paper please copy.) m19

NOTICE.

Notice is hereby given that I intend to apply to the Board of License Commissioners for the city of Victoria at its next sitting for a transfer of the license now held by me to sell wines and liquors, on the premises situated at 1111 Broad street in the city of Victoria, known as the "Moose" bar, from myself to Charles F. Lelievre, of the city of Victoria.
Dated this 2nd day of April, 1909.
JOHN MACMILLAN.

SOCIAL AND PERSONAL

Dr. Fagan is expected to return from Lillooet to-morrow.

Mrs. P. Peters, Oak Bay, will be one of Friday evening's hostesses.

Hon. R. G. Tallow is expected to return from the interior on Friday.

Mr. and Mrs. G. D. Haskins are spending some time in Vancouver.

Mr. and Mrs. Pemberton left last night for Vancouver, en route for Nanaimo, Alta.

Miss McKenzie will be the hostess of a bridge party to-night at the Balmoral.

Mr. and Mrs. Raymond, of Crofton, B. C., are listed among our visitors in town yesterday.

Mr. and Mrs. G. Hyde, of Boston, arrived in town yesterday, and are guests at the Empress.

Mrs. W. O. McLaughlin, 224 Kingston street, is enjoying a visit from her sister, Mrs. (Capt.) A. Christensen, of Vancouver.

Among those leaving to-night en route for England is J. McDermott, who will sail by the Lake Champlain, from Montreal.

Mr. and Mrs. G. G. McNall and child left last night en route for Quebec, whence they will sail by the Victorian of the Allan line.

Among those who are not observing their regular reception days this afternoon are Mrs. H. M. Fullerton, McPherson street, and Mrs. Walter Chambers, 204 Skinner street.

An English party, consisting of Mrs. Southgate, G. W. Gaudman and Temple Gaudman, who recently spent some weeks at the Empress, are again in Victoria, after a short stay in Seattle.

Mrs. T. P. Patton and children and Mr. and Mrs. A. L. Cooke, who have been spending the winter in Mexico, are expected to return to Victoria early in June.

Sir Richard and Lady Musgrave, accompanied by Capt. and Mrs. Chaplin, are en route to the coast from England, and are due to arrive in Victoria on Saturday.

Mrs. Agnes McBean, of Glencoe, Ont., will be among the early summer visitors. Mrs. McBean and family are coming to Victoria with a view to remaining here permanently if they find conditions favorable.

Rev. J. M. Miller, of Nanaimo, is in the city. He is the guest of Rev. Dr. Campbell. Mr. Miller came to Victoria as one of the delegation to ask the provincial government to take steps to stop Sunday games in Nanaimo.

Mrs. W. G. King, wife of the proprietor of the Putnam hotel, Seattle, spent yesterday in the city, making her headquarters at the Empress. She was accompanied by Mrs. John Lewis, of New York, and Miss K. Davies, of Seattle.

The engagement is announced of Miss Katherine Olive Erskine and Mr. John Frederick Simmonds, of "Kedleston," Vernon, B. C., and the marriage will take place in June. The bride-elect is a daughter of Mr. and Mrs. Robert Erskine, 706 King's road, Victoria.

Mrs. (Capt.) Grant, Point Ellice, will receive on Friday and not again until the third Friday in October, as she is leaving the 1st of June for Toronto to attend the meeting of the International Council of Women, and will spend several months in Nova Scotia and Boston.

Mrs. Alice Harriman, a well known author and publisher of Seattle, will visit Victoria shortly. Mrs. Harriman is well known in literary circles as the author of "Songs of the Olympics," and has at present in press a novel entitled "Man of Two Countries," which is being brought out by a leading American publisher, who is advertising it as the leading book of the year.

BRIDGE-BUILT OVER SAND.

For a railroad to be suddenly compelled by the United States government to build a \$200,000 drawbridge over a 180-foot strip of dry ground is a situation which might be very properly summarized in the words "hard luck."

A railroad in California has had to face this peculiar anomaly, and it is \$200,000, 180-foot bascule drawbridge has just been completed over a waterless waterway. It stands as a huge monument to "hard luck" that is from the railroad point of view. The bridge is one of the longest and finest of its type ever undertaken in the west; and it certainly looks imposing, and one must add, useless, straddling the sands near Long Beach.

The story of its building is the story of a capricious river, a lost channel and an old government map which stuck stubbornly to the facts that were originally imparted to it. That map declared the old San Gabriel channel navigable at this point. This means, of course, that it was still under the jurisdiction of the war department, which, if the old map could not be disproved, would hold the right of navigation at this point inviolable, if asked to do so.

To bolt a long story of a stubborn contest down to the fewest words, the government finally declared the lost channel still technically existent and navigable, and granted the corporation the privilege of dredging it out to a sufficient depth to allow the passage of sea-going vessels. Then the railroad was ordered to build an adequate drawbridge across the navigable strip of apparent terra firma. From "Draw Bridge a Monument to Hard Luck," in June Technical World Magazine.

Sponge Cake.—Beat five eggs very light, add to them a pinch of salt and a cup of white sugar, then beat hard for fifteen minutes. Last of all, add a teaspoonful of vanilla and a cup of sifted flour folded in lightly. Bake for half an hour in a moderate oven.

New Goods For Summertime

Just received our new stock from the manufacturers, containing many new styles.

CUFF PINS
HAT PINS
BEAUTY PINS
VEIL PINS
LORGNETTES
BELT BUCKLES
BLOUSE SETS
UMBRELLAS, ETC.

You will find a large variety of very dainty and useful articles for summer use among these goods at prices which are particularly attractive.

NEW GRAND THEATRE.

Excellent Programme is Meeting With Patronage—Star Performers Repeatedly Recalled.

The New Grand theatre this week offers one of the best shows ever seen in Victoria. It contains three acts for which full stage settings are required and one of which carries scenery for two drops. Four other footlight numbers, all good ones, complete the bill.

The head liner is the Apache dance and the two dance acts that accompany it. Cooke and Miss Rothert present one of the longest and most brilliant acts ever put on at the Grand. Their Apache dance is a weird performance, strange in its many situations and can well be seen two or three times before it is understood to its full significance. Accompanying it is the specialty by Cooke alone, of a dance conception of his own, requiring special scenery and stage setting. He and Miss Rothert are both accomplished dancers and certainly deserve the numerous recalls that are demanded by them. Last night Clara Thropp was again compelled to come before the footlights frequently and render a final encore to satisfy the public fancy. Her imitations are of the best and her "Somewhat Different Comedy" is true to name.

All Ben Hassan is here with the famous basket trick, the secret of which is known only to the Hindu world. It has never before been seen in America and is a mystifying proceeding that completely baffles the audience. It is supplemented by several minor mysteries which appear unsolvable.

"The Intruders," a clever farcical sketch by Brenon and Downing, is something in the comedy line that calls for resounding laughter. It is clever comedy well acted and makes one big laugh.

Frances McConley is a singer of high order, and in choosing a simple song, the operatic soprano hits the popular fancy. Her turn carries three numbers, and her costume presents a pleasing stage picture. Thomas J. Price with a good illustrated song and the three moving pictures, make a seven-act bill complete. The Grand performance this week, owing to its size, takes nearly thirty minutes above the usual time to complete.

Egg Salad Sandwiches.—For each sandwich have three or four heart leaves of lettuce, a hard-cooked egg, and two triangular slices of stale bread; also a general allowance of salad dressing, mayonnaise preferred. Spread the bread with the dressing; on it press the egg, cut in slices, and the lettuce; add more dressing, and press two pieces of the prepared bread together. This may form a course at a luncheon party, or be the principal dish of a home luncheon. Knives and forks are to be provided for eating these sandwiches.

Gibbons' toothache gum acts as a temporary filling and stops toothache instantly. Sold at druggists. Price 10c.

Physicians now admit the superior value of simple medicines for all diseases.

For eczema and other skin diseases certainly nothing in the world could be simpler than oil of wintergreen, carefully combined with such well known healing and antiseptic substances as thymol, glycerine, etc., as in the D.D.D. Prescription. The use of this simple remedy, though, accomplishes results that look like miracles. Cases of eczema of ten, twenty and even thirty years' standing have been completely cured in a few weeks.

Read the experience of Mrs. John Sanders, of Griswold, Manitoba: "When I sent for six bottles of D.D.D. I had one of the worst cases of Eczema in my legs. I only used two bottles when they were clear of Eczema. The four bottles I have left will keep for hives and insect bites. It is a useful remedy to have in the house at all times. Wishing you all success with D.D.D."

For free sample bottle write to the D.D.D. Laboratory, Department V. T. 23 Jordan St., Toronto.

For sale by all druggists.

MISSIONARY WORK OF ANGLICAN CHURCH

Women's Auxiliary Meets in Annual Session in Christ Church Cathedral.

The first session of the fifth annual meeting of the Women's Auxiliary to Missions of the Columbia diocese was held yesterday afternoon in the school room of Christ Church cathedral, which was handsomely decorated for the occasion with quantities of broom. The president, Mrs. Perrin, was in the chair, and the secretary and other officers, as well as presidents of the different branches of the auxiliary, were on the platform.

After the formal opening and reading of the minutes of the last meeting, Mrs. Perrin gave an inspiring address, setting forth the nature of the work the society as a whole was engaged in, and impressing upon the different branches the necessity of working in union.

The reports of the diocesan officers were then read, all of them showing gratifying progress during the past year.

Mrs. McGill, of Vancouver, was called upon and gave a very bright and inspiring talk on "How to Meet the Difficulties of Branch Work."

Mrs. McGill believes very strongly in a visiting committee, and thinks that not only should new members be visited and made to feel at home, but old members should be looked after if they show signs of falling interest. The sense of personal responsibility should be pressed home upon all members. They should be given some definite work to do, according to their individual means and ability.

Mrs. McGill also believes in sending a regular notice, both by post card and through the public press, to all members, giving due notice of when and where meetings shall be held. They have then no excuse for not attending the same, or at least they have not the lack of knowledge to plead.

There are in every society some who will give time and money, and others who will shirk both, but a firm, persistent effort must be made to make each one do his share.

Mrs. McGill does not believe in too many executive meetings. They take up too much time. An effort should always be made to finish up any particular business when a special meeting has been called. Her own auxiliary meets once a month except in Lent, when the Dorcas Society meets every week.

Mrs. McGill is a firm believer in social teas as a means of promoting sociability among different members, and emphasized the thought that new members should always be introduced and never for a moment be allowed to feel that they are in any sense outsiders.

The method pursued by the society of which she is president, is to ask a lady for the loan of her house and then divide the work among three or four others who assist her. In this way last year \$150 were raised and only a collection taken in each case.

At the close of her address Mrs. McGill was moved a hearty vote of thanks. An animated and amusing discussion followed on the merits and demerits of social teas, and then the society adjourned to Bishopsclose, where Bishop and Mrs. Perrin entertained them with tea on the lawn.

ECZEMA CURE A MIRACLE?
—NO, JUST SOUND SCIENCE.

Physicians now admit the superior value of simple medicines for all diseases.

For eczema and other skin diseases certainly nothing in the world could be simpler than oil of wintergreen, carefully combined with such well known healing and antiseptic substances as thymol, glycerine, etc., as in the D.D.D. Prescription. The use of this simple remedy, though, accomplishes results that look like miracles. Cases of eczema of ten, twenty and even thirty years' standing have been completely cured in a few weeks.

SYNOPSIS OF CANADIAN NORTH- WEST LAND REGULATIONS.

WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section (36 acres, more or less) of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or sub-agency for the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

DUTIES.—Six months residence upon and cultivation of the land in each of three years. The homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$100 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchase homestead in certain districts for \$300 per acre. Purchased homesteads may be acquired in any available lands on either side or between numbered sections south of Township 46, east of the Calgary and Edmonton Railway and the west line of Range 36, and west of the third Meridian and the Sault Railway line. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$100.

SYNOPSIS OF CANADIAN NORTH- WEST MINING REGULATIONS.

COAL.—Coal mining rights may be leased for twenty-one years at an annual rental of \$100 an acre. Not more than 4,000 acres can be leased to one applicant. Royalty, five cents per ton.

QUARTZ.—A person eighteen years of age and over having made a discovery may locate a claim 150 feet by 150 feet, fee \$500. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. When \$500 has been expended or paid and other requirements complied with the claim may be purchased at \$100 an acre.

PLACER MINING CLAIMS. Generally, 100 feet square. Entry fee, \$500. DREDGING.—Twenty-one years lease of a claim 150 feet by 150 feet, fee \$500. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. When \$500 has been expended or paid and other requirements complied with the claim may be purchased at \$100 an acre.

W. W. CORY. Deputy of the Minister of the Interior, N. B.—Unauthorized publication of this government will not be paid for.

E. WHITE

Telephone A87.
604 BROUGHTON STREET.

ARE YOU LOOKING FOR A FARM? If so, you should certainly investigate the district around Saanich. How is this for a bargain? 24 acres within a few yards of the station, on the wagon road, on two sides of the property, 30 acres under plough, 30 acres pasture, some fine timber, an excellent spring of water, which is continual, also a stream running through part of the property. The price of \$50 per acre is very reasonable, and easy terms could be arranged. Call at the above address and obtain further information.

LADYSMITH, B. C., is supposed to have the richest market on the Island for all classes of farm produce, and high prices are obtained for quick sale, and the following, described farming property should appeal to an intending purchaser as one of the best paying propositions obtainable: 12 acres, 30 acres under cultivation, good orchard, good house, runs for stock, 12 head of cattle, work horses, wagons, buggy, crops are in the soil, complete outfit of farming implements, and everything in full running order; could be taken immediate possession of at \$10,000, with good terms offered. The owner is forced to leave the place, much against his will.

NOTICE.

Notice is hereby given that I intend to apply to the Board of Licensing Commissioners for the City of Victoria at its next sitting for a transfer of the license now held by me to sell wines and liquors on the premises situated at 811 Port street in the city of Victoria, known as the "Hill" saloon, from myself to James David Hill, of the city of Victoria.

NANAIMO AROUSED OVER SUNDAY GAMES

Opposition is Raised Against Practice Which Prevails There.

Nanaimo seems to be thoroughly aroused over the question of Sunday football. At a citizen's meeting held on Saturday evening last a deputation was appointed to wait on Premier McBride and also to approach the city council. The interview on Monday night with the council was a very unusual and significant sign of the drift of public opinion towards observance of Sunday. A large number of interested spectators were present and the addresses from different members of the deputation were delivered with great earnestness, and evidently influenced the council, for alderman after alderman put himself on record as opposed to the wide-open continental Sunday that prevailed up to the present.

The mayor alone dissented and took occasion from his chair to assail the churches for failing to control the people who thronged to witness football games.

The deputation had already spoken in favor of a Saturday half holiday, and Mayor Hodgson made a favorable reference to that proposition.

The council unanimously decided to endorse the deputation, and, further, to send two of its own members to support their protest before the premier. The deputation of ten men came to the city yesterday and were closeted with Premier McBride and Hon. Dr. Young immediately after their arrival. The committee was composed of the following clergymen: Rev. Father Heynen, Rev. A. W. McLeod and Rev. J. M. Miller; Richard Booth and Harry Shepherd representing the city council, and J. W. Coburn, lumberman; J. A. McDonald, grocer; Lawrence Nanson, general business; J. Lister, miner, and

REDUCTION ON LACE CURTAINS

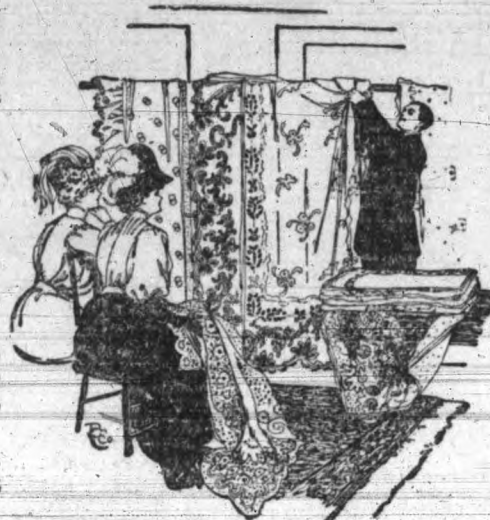

All Odd Lines of Lace Curtains Reduced to Clear

HERE is a splendid opportunity to brighten the home for the holiday with dainty new lace curtains. And nothing helps more than charming curtains—they are seen from outside as well as inside. We have enjoyed a splendid spring business in curtains and it has left us with a few "remnant" lots—lots of from one to six pairs. We have decided to clear all these and have reduced the prices on such lines.

Understand that these are not old stock but the very newest patterns—our best selling curtain styles. This is an unusual opportunity to refurnish in the curtain lines at little cost, an opportunity you should investigate.

The offerings include the beautiful Swiss and Brussels Lace Curtains and the Novelty Braided Curtain styles. No more handsome curtains are made than these and you won't find it easy to purchase these for many a day.

Reductions range in price from 20 per cent. to 40 per cent. off regular prices. Off REGULAR prices, remember, not INFLATED prices. Come in to-day and see them.

Let Us "Fix Up" Your Canoe or Launch for the 24th

WHY NOT LET US "fix up" your canoe, boat or launch for the 24th? If it's a launch you should have some linoleum on the floor and a remnant may be purchased here at little cost. Cushions will add to the comfort of your guests and there is still time to have them made. For the canoe we have carpet remnants and cushions galore. Why not come in and get some of these items and make this holiday a success from a comfort point of view?

New Silver Flower Holder

One of the daintiest of the new additions to the silverware stock is a very attractive flower holder in silver-plate, lined with glass. Has silver-plated netting for holding the flowers and four holders for tall flowers. A choice wedding gift piece. Priced at \$12

Snaps in Toilet Sets

The Government Street window is filled with some splendid bargains in Toilet Sets. These are odd sets we wish to dispose of to make room for new arrivals in other lines. The sets are simply the left-overs from some of the best selling lines and are new in shape and decoration. See the window and the splendid values offered.

HENRY H. ROGERS

DIES SUDDENLY

(Continued from page 1.)

& San Francisco and the Union Pacific.

Rogers was a member of the Fine Arts Society, the New England Society, Metropolitan Museum and Art and the American Museum of Natural History. His principal gifts were bequeathed upon his home town, which he presented with a library building, town hall, school and church. He spent three million dollars upon these gifts.

He began his career in the Pennsylvania oil fields early in the sixties, and marrying Miss Abbie T. Gilford, of Fairhaven, who died in 1895. He later married—Emeline Augusta—Randall, daughter of the head of a diamond firm and—divorced—wife of—Louis J. Hart. He leaves a widow, one son and three daughters. All were at the financier's bedside when he died at 7:20 a.m.

Rogers' death, officials of the corporation say, will not affect the affairs of the Standard Oil Company, and will not involve the sale of securities, all investments being solid.

Although it is impossible to secure a correct statement of the amount of Rogers' fortune, it is known to be at least \$20,000,000.

Tentative plans for the funeral were made this afternoon. The services will

PETER McQUADE & SON

SHIP CHANDLERS Phone 41. 1214 WHARF ST.

Probably, be held at the Unitarian church of the Messiah Friday morning, Dr. Robert Collier officiating. Burial will be at Fairhaven.

Mark Twain arrived at the Rogers home at noon. He was the dead financier's closest personal friend and is heartbroken over his death. Tears were streaming down the face of the aged humorist when he entered the house.

—A lecture will be given this evening at 8 o'clock in the St. John's school room by the Rev. J. Antle upon the work among the logging camps on the northwest coast of Vancouver Island. The lecture will be illustrated by a number of lantern slides, giving a clear idea of what a logging camp is, and also showing the hospitals at Rock Bay and Van Andia. It is hoped that there will be a large attendance.
